ACTRESS FOUND DEAD IN ROOM

Louise Larson Found Bound to Posts of Bed With Her Mouth Gagged

Her Hands Had Been "Spread Eagle" and Tied With a Dog Leash

NEW YORK, Feb. 8.—Bound to the posts of her bed and with her mouth gagged, Miss Louise Larson, a 24-year-old motion picture actress, today was found dead in her room in a fashionable apartment house in West 77th street.

The actress' hands had been "spread-eagled" and tied to the bed posts with a dog leash. Miss Larson's large Belgian police dog was found lashed to a chair in another room of her apartment. Other tenants told the police they had heard no noise in the actress' apartment during the night, although her dog ordinarily raised an uproar at the presence of strangers.

The body was discovered by a negro maid who went to the apartment to prepare breakfast for the actress. Ten minutes after the maid had raised the alarm an automobile load of detectives were at the house with a physician, who pronounced the girl dead.

Police said the murder must have occurred after 8:30 o'clock this morning, as the tenant of an adjoining apartment said she had heard Miss Larson's bell ring several times at that hour. To the girl's quest, the caller replied that he was an expressman. The door was opened, the tenant said, and the caller apparently entered. Nothing more was heard.

The body was affixed only in a nightgown. A portion of the towel about the woman's head had been stuffed into her mouth and it had been fastened to the sides of her head with adhesive tape.

The girl had been strangled to death after she had been attacked, according to the examining physician.

POINCARÉ QUILTS SESSION

Premier and Ministers, Exasperated by Attacks, Walked Out of Chamber

PARIS, Feb. 8. (By the Associated Press).—Premier Poincaré, with all of the cabinet ministers, exasperated by the opposition's attacks, walked out of the chamber of deputies today. The session was immediately suspended.

The suspension of the sitting was moved in order to prevent the cabinet's departure being interpreted as meaning that the government would resign.

The session was soon resumed and Poincaré stated the government was not empowered by the vote of 353 against 182.

Upon arraignment in superior court yesterday, Joseph Barry, Alfred Mellor and Mary Duffy, who were concerned in the early-morning robbery at the Cause fur store in this city last December, pleaded guilty to breaking and entering and larceny and were scheduled to appear for sentence this afternoon. It is understood that the Duffy girl will be placed on probation. Mellor is now serving a year's time for having a gun in his possession when arrested in Stoneham after a sensational automobile ride from Lowell following the Caluso break.

Implicated with Barry and Mellor in previous breaks of a similar nature are Fred Woodworth and Edward McMorley of Cambridge, who were also arraigned and pleaded guilty yesterday.

Kyrila Leonzaria, a colored tailor of Cambridge, is charged with being an accessory after the fact. He is alleged to have knowingly received goods stolen by the above-named defendants.

FIVE BELIEVED LOST WHEN ICE BRIDGE BROKE REACH SHORE

Floated for Hours on Drifting Ice and Cheated Death By Peculiar Accident—Awestricken Crowd Witnessed Remarkable Escape

QUEBEC, Feb. 8.—All of the 20 persons whose lives were endangered yesterday by the breaking up of a mile-long ice bridge across the St. Lawrence river, escaped, the authorities said today. Five persons, who floated for hours on the drifting ice, and who were believed to have been lost, made shore in safety.

The five—three women and two men—were not definitely accounted for by the searchers until after 11 o'clock today. A peculiar accident was responsible for their salvation. The incoming tide sent the jagged block of ice on which they kept precarious footing upstream to a point where the St. Lawrence narrows and is spanned by the Quebec bridge.

The narrowed straits jammed the ice together for a few brief minutes, and the quintet jumped to the shore across the carrying floes.

For hours their plight had seemed desperate to the awe-stricken crowds on shore who watched them float on their bubbling ice pan, beyond the reach of help.

Some of the spectators, more confident than others, shouted advice to the five not to attempt the jump to safety, but to wait until the tide had carried the drift ice further upstream.

And so they waited, for years, it seemed to them, huddled together on their narrow island of ice until the current edged the pan against the blocks that were piled in wild confusion inshore. Then, leaping from block to block, they gained the river bank.

G. O. P. MUST CLEAN HOUSE OR PEOPLE WILL HEARING ON NEW COURT BUILDING QUESTION

WASHINGTON, Feb. 8.—The republicans must clean house or the people will do it for them, Senator Hiram W. Johnson, candidate for the republican nomination for president, declared in a statement issued today.

The senator characterized as "ridiculous and absurd" recent "mysterious and anonymous" assertions by Coolidge managers that the president already is virtually assured of more than enough convention votes to nominate.

"They follow the regular course of a Bourbon campaign—to claim all while putting every obstacle in the way of free expression or fair contest," he continued. "If there were any such feeling of security or any such certainty of success, it would not be necessary to steal delegates in the south or deny primaries in the north, like in Minnesota."

"These Bourbon republicans who control the republican machinery have a rude awakening before them and they may just as well make up their minds now as next June, that the republican party must clean house and if the republicans themselves do not clean their house and clean it thoroughly, the people will do it for them."

U. S. WARSHIP ORDERED TO HONDURAS

WASHINGTON, Feb. 8.—The cruiser Rochester of the special service squadron, now at Colon, has been ordered to La Ceiba, Honduras, in response to an appeal to the state department from American residents who fear that revolutionary developments will jeopardize their interests.

No actual outbreak has been reported but Americans in Honduras believe the prospects for an amicable adjustment of the Honduras election tangle are not good and that fighting may break out at any time. State department officials say despatch of the cruiser does not mean there has been a decision to intervene.

DEBATE IN THE HOUSE

On Amendment to Prohibit Issuance of Tax-Exempt Securities

WASHINGTON, Feb. 8.—The house today faced four more hours of debate on the constitutional amendment to prohibit the issuance of tax exempt securities preparatory to consideration of the new revenue bill ordered reported yesterday by the ways and means committee. The bill will be formally reported to the house next Monday.

Four hours of the eight allotted under a special rule for debate on the amendment resolution were completed yesterday with members of both parties vigorously attacking the measures on the grounds that it was an invasion of states' rights. The resolution passed the house last year but was not voted upon in the senate and yesterday's attack left its proponents apprehensive of its adoption.

The amendment provides in effect that the federal government may tax state and municipal bonds and that states and cities likewise may tax federal securities. A two-thirds majority is necessary for passage.

With the revenue bill now up to the house, republican leaders are attempting to compromise the differences by splitting their forces over the surtax rates of Secretary Mellon, which were approved by the committee.

DUDLEY LEE REFUSES TO SIGN CONTRACT

BOSTON, Feb. 8.—Dudley Lee's return to his contract with the Red Sox, "Pete" mentioned father to interest me," isn't bothering President Robert Quinn of the Red Sox.

"I'm not worrying about Lee at all," said the head of the Boston Americans today.

He expressed confidence that in due time the Denver shortstop whom the Red Sox bought from Tulsa of the Western League, would see the light and sign his contract. He declined to reveal the figures named in the document which Lee returned.

Pete Donohue Signs

CINCINNATI, Ohio, Feb. 8.—The signed contract of Pete Donohue, star right-hander of the Cincinnati National League ball team, has been received at club headquarters and the young Texan will report at Orlando with the other pitchers March 2.

All of the Red pitchers now are under contract with the exception of Jackie Mey, who has not been heard from since he was purchased from the League. A contract mailed to his home at Woodville, N. C., some weeks ago, has not been returned. Other regulars who have not returned signed contracts are Ed Roush, Sammy Bohne and Lew Posen.

Detroit Players Seek Increase

DETROIT, Feb. 8.—Pitcher George Dauss, winner of 20 games for the Detroit American League team last season, and Fred Haney, utility infielder, have asked for an increase in salary before signing contracts this year, it became known here today.

RAYMOND CORCORAN WINS NEW YORK TRIP

Raymond Corcoran, of 16 Gold street, was the winner of the "Wonder Night" drawing at Associated Hall last evening, he being the fifth one selected to make up the party of fifteen which is to be reported to New York next month at the expense of the hall management. The name was drawn by Miss Catherine Reed.

The remaining ten members will be drawn on various nights during the winter. The rules insist that the holder of the coupon drawn from the checker must be in the hall. If not a second name will be pulled out.

Tickets will be given in all those who attend tomorrow night, making them eligible to participate in next Monday night's drawing.

LEG FRACTURED ON TOBOGGAN SLIDE

Frank Burke, aged 14 years, of 15 Crane's avenue, received a broken leg last night when he was struck by a toboggan in the toboggan slide at Fort Hill park, during the winter carnival sports program. He was removed to the Corporation hospital, where it is reported today he is resting comfortably. According to witnesses of the accident, the Burke boy was riding down the slide on a toboggan

FIGHTING IS REPORTED IN HONDURAS

SAN SALVADOR, Republic of Salvador, Feb. 8.—Fighting is reported in Honduras, following the presidential election deadlock and the announcement that President Gutierrez would continue in office.

According to advices received by way of Amapala, Honduran government troops defeated revolutionary forces at San Pedro, in Sula, northern Honduras. The rebel leader Jacobo Munda was wounded.

General Carias, one of the three unsuccessful candidates who proclaimed himself head of the government, is reported to be at the Nicaraguan frontier with the revolutionary army.

The Guatemalan government has extended de facto recognition to the government of President Gutierrez.

WASHINGTON AND LINCOLN ANNIVERSARIES

February, the month of presidents, containing the birthday anniversaries of Washington and Lincoln, will be observed in the public schools of the city with appropriate exercises when particular attention will be given to the names of Washington, Lincoln, Roosevelt, Harding and Wilson. These men are closely linked with the nation's history and perhaps stand out prominently in the long list of those who have served the nation in the office of chief executive.

In a statement given out today, Superintendent of Schools Hugh J. Molloy said:

"February, the shortest month of the year, essentially is presidents' month, containing the birthday anniversaries of Washington and Lincoln. It is impossible to overestimate the debt which modern civil government and popular institutions owe to these two men, one of whom more than any other man or group of men the founder of the republic, the other of whom was more than any other man or group of men the preserver of the Union."

"It is the hope and desire of the superintendent of schools that all schools in the city will consider during the month with respect and gratitude the debt we owe to our great presidents and in giving attention to this matter, particular attention will be paid the names of Washington, Lincoln, Roosevelt, Harding and Wilson."

BISHOP MURRAY ASSISTS AT MASS FOR PRIEST

BRIDGEPOR, Conn., Feb. 8.—Rev. John G. Murray, auxiliary bishop of the Hartford diocese, celebrated a pontifical high mass of requiem at St. Joseph's church today, for Rev. Father Hubert Labue, the pastor, who was slain by an unknown man on the street, last Monday night.

One hundred police in civilian clothes scrutinized the crowds in attendance which overflowed the basement of the new church where services were held, hundreds standing in the street. In the church behind a screen stood Ralph Bessette, lay evangelist of the shooting, watching with a detective those who were in the assemblage. Still without a clue to the murderer's identity, the police hoped some one might emotionally betray some knowledge of the murder.

The service passed without adding to the police knowledge of the crime. Assisting Bishop Murray were a number of priests of the diocese and Rev. J. J. Fitzgerald of Westerly, R. I.

GANDHI REGRETS HIS RELEASE FROM PRISON

BOMBAY, Feb. 8 (by the Associated Press).—The Indian nationalist "Mahatma," Mohandas Gandhi, has written to the president of the national congress, Mohammed Ali, expressing regret that the Bombay government released him from prison, owing to illness, because he does not regard the illness of a prisoner as affording grounds for liberation.

Moreover, Gandhi says, his release has not brought him relief because he is overwhelmed with a sense of the responsibility which he is now not fit to discharge. He decries the national problems are more perplexing today than when he was in prison, owing to the deplorable disunion of the Hindus and Mussulmans, and he appeals for cessation of the mutual distrust and the promotion of unity.

SEC. MELLON REPLIES TO BOND DISPUTE CHARGES

WASHINGTON, Feb. 8.—Secretary Mellon, answering another of the series of charges made in the general bond duplication controversy by Charles H. Braker, a partner of justice attorney, declared today the difference in type and style of numbers on some bonds was due to addition of new numbering machines to the bureau of engraving equipment during the war. When the great rush of bond issues forced the bureau during the war to expand its equipment suddenly, new machines had to be purchased quickly and the treasury was unable to obtain machines of the same construction as those in use.

The bureau equipment had been altered little in 20 years prior to the war, Mr. Mellon said.

ITALIAN CATHOLIC PARTY FACES CRISIS

ROME, Feb. 8.—On the eve of the election, the Italian Catholic party led by Don Luigi Sturzo, is going through its greatest crisis since its foundation. Filippo Meda, former secretary of the treasury, one of its leading members, refuses to be included in the party list if the extremist element headed by Deputy Micheli is kept in the party. Signors Micheli, Longinotti and Micheli, all members of the former cabinet, take the same view as Signor Meda. Simultaneously those members who had already seceded from the party when Don Luigi took his stand against the present electoral law advocated by Premier Mussolini, seem to be gaining ground.

Their party, called the national union, is especially strong in northern Italy, where its present candidates are openly favorable to the Fascist government. This party already includes many of the best known names of the Catholic aristocracy and middle class.

PARENT-TEACHER ASSOCIATION

The February meeting of the Bartlett school Parent-Teacher association was held last evening in the school hall with a large attendance. An attractive program of music and readings was given by Miss Grace Moran, soprano, and Miss Mary Casey, elocutionist. The greeting to the parents was given by Miss Charlotte Markland, principal of the school.

Police Chief Charged With Dry Law Violation

(Continued)

of the matter today, said that the federal agents have been watching Salisbury beach for many months because it was believed that the headquarters of one of the largest bootlegging rings in New England was located there. The raid on the morning of January 24 followed this investigation and resulted in the arrest of Joseph Zenler, Thomas Leary, Samuel Elbrink, John Morgan, Steve Zenin and William Lampers after a gun fight in which Zenin and Federal Agent England of Maine were injured by bullets.

The raid, however, according to Agent Sullivan, did not end the investigation at the beach and the complaints against the chief of the Salisbury police and the other two men were brought on evidence alleged to have been secured by federal agents that connects the police officials of the town with the six men previously arrested.

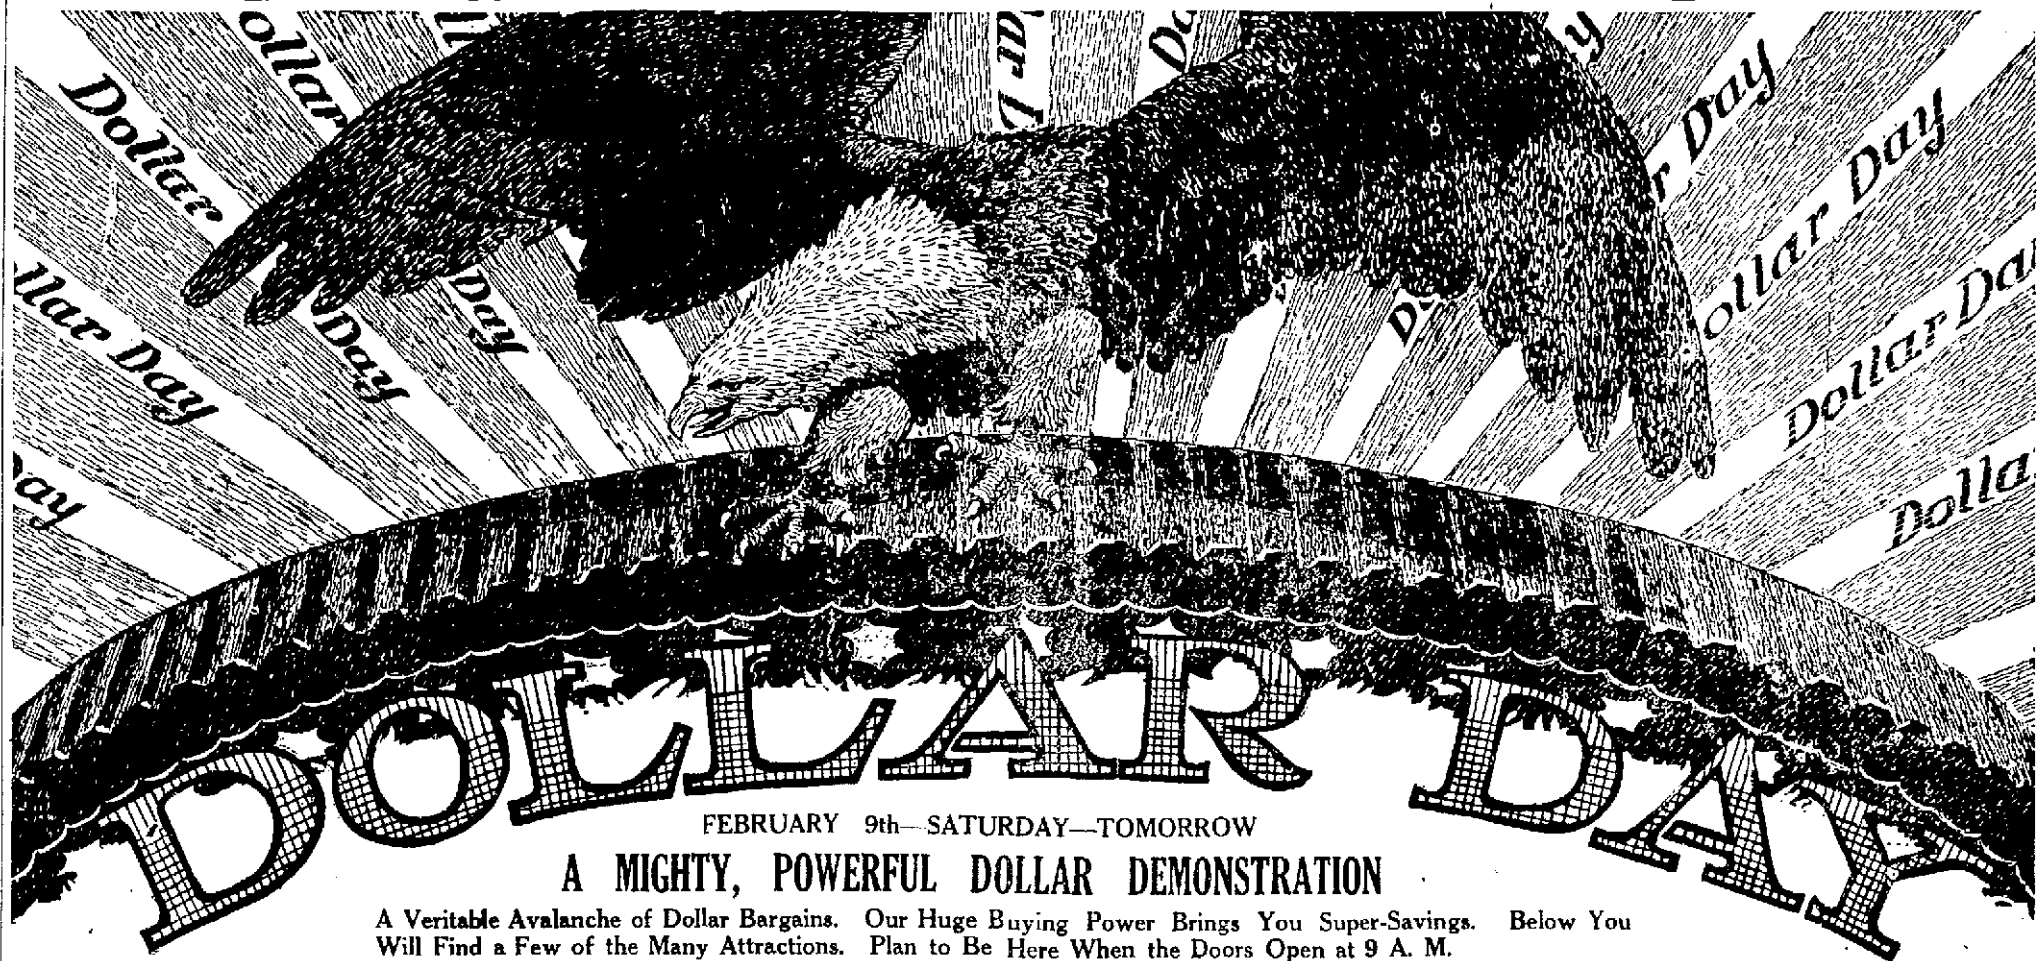

Upon his appointment as supervising agent, Walter Sullivan began a drive against rum-running and bootlegging at Salisbury beach which, he said, was one of the wide-open places in New England and where it has been said " booze is easy to get."

Whether any further arrests in connection with this raid are contemplated could not be learned today, but it is believed by Agent Sullivan that the biggest rum-running ring working from the beach has been successfully broken up.

The three men for whom warrants have been issued will be brought before United States Commissioner Walsh in his office in this city Monday, it is expected, and will be held for a hearing Thursday, February 14, the same day on which the six arrested in the raid January 24 will be arraigned for a hearing.

NINE YANKEES TO TAKE BATH TREATMENT

NEW YORK, Feb. 8.—Manager Miller Huggins of the Yankees has sent letters to nine members of the team, requesting them to be prepared to take the bath treatment at Hot Springs, Ark., on Feb. 23. It became known today. The players were reminded that they would be expected at the main New Orleans camp on Mar. 2.

Those on the Hot Springs roster are Babe Ruth, Joe Dugan, Herb Pennock, Joe Bush, Bob Shawkey, Wally Schang, Waite Hoyt, Everett Scott and Sam Jones. If Dugan's physicians advise against the course of baths as treatment for his injured knee, he will not report at New Orleans until Mar. 2.

McManus a Holdout

ST. LOUIS, Feb. 8.—Business Manager Bill Friel of the St. Louis Browns, when questioned in regard to the holdout of Marty McManus, the home-batted outfielder, said today he had heard nothing further from the second baseman since a letter received from McManus in which his unsigned contract was enclosed and the statement made

that he did not want any more correspondence with the Browns.

"I haven't been worried," said Friel, "because I feel sure that McManus will be in the fold in due time."

NO DEFINITE DATE FOR HIGH SCHOOL PLAY

No definite date has been set for the presentation of the play, "The Boonville," by the Lowell high school pupils, which was postponed on account of the fire which broke out in the building adjacent to the Lowell Opera House on Monday last during the matinee performance. Members of the faculty connected with this department of the school work are considering every possible location, but as yet have found no place sufficiently satisfactory in which they may give the play.

Unfortunately, the acoustic properties of the Cyrus Irish Memorial Auditorium in the school building proper are so poor that it is impossible for the voices of the actors to reach the audience clearly and in sections of the orchestra and balcony nothing but a confused jumble of sounds can be heard. There is apparently no method of remedying this condition without the outlay of considerable money, after a study of the conditions by experts. The heating plant of the Opera House was so badly injured during the fire that if the performance were to be given there the folks in the audience would be compelled to wear coats, hats and gloves to keep warm.

An alternative which has been suggested is that the play be given in the Academy of Music in Dutton street, but in case this were done at least four performances would be necessary to accommodate the holders of tickets, the capacity of the Dutton street hall only amounting to 700.

DEFENDANT IN LIQUOR CASE DISCHARGED

Spores Vrobas of this city, charged with illegal transportation of intoxicating liquor, was discharged by U. S. Commissioner R. B. Walsh this morning for lack of evidence. This case has been before the commissioner for some time and the hearing was completed last Wednesday, following which Mr. Walsh reserved decision until today.

At Wednesday's hearing Atty. Geo. Toye, representing Vrobas, brought out several points of law and Commissioner Walsh said this morning that only one of these questions was still involved in his mind, that of whether the defendant actually transported liquor. Captain Palmer of the local liquor squad was called to settle a matter in dispute as to the contents of the truck from which it is alleged Vrobas carried a case said to have contained liquor. After hearing Capt. Palmer's testimony the defendant was ordered discharged.

Harry Godeyk of Wilmington, who was arraigned on a charge of illegal sale Wednesday and probable cause found, appeared in court this morning to arrange bail, he having been out on his own recognizance since Wednesday.

ENTERTAINMENT IN COLONIAL HALL

"Getting Acquainted With Madge" was the title of the three-act comedy given last evening under the auspices of the local C. E. Northfield club in Colonial hall before a large audience. The proceeds of the play will be donated to the summer conference fund of the organization. Miss Edith C. Perkins, who coached the players is responsible for the success of last evening's performance. The club committee in charge of the play was composed of Miss Frances Graves, chairman; Norma Olsen, Ruth Ritcher and Cecil Gardner. The cast of characters follows:

Arthur Tilden, student at Braxton; Henry Ryder, student at Braxton; Aunt Minnie, Arthur's aunt from Montana; Muriel Amundson, Mrs. A. J. Ridgeway, the doctor's wife; Elma G. Garmon, Madge, the daughter; Elsin Shaw, Jerry Saunders, Madge's cousin; Dorothy Adams, Harry Neville, Frank Garner, Randall Graham, Sam Forbush, students at Braxton; Forrest Varnay, Nathaniel Trull, Amos Plunkings, Herbert Colby, Dr. Ormsby Ridgeway, Madge's father; Lizzie, the Ridgeway's maid; Ruth Clough, Properties for the production were furnished through the courtesy of the Thompson Hardware Co., the American Furniture Co. and L. GIRLS PLAN ANNUAL REGIMENTAL BALL

The girl officers of the Lowell high school have gotten down to work in earnest for the annual regimental ball which is to be given in Colonial hall next Friday, the 15th. Every day this coming week rehearsals will be held in the grand march and the girls of the various battalions are decorating the hall and making all the necessary arrangements and their respective numbers. The work has been divided up as follows: First battalion, Sally Mason, major, invitations and matrons; second battalion, Genevieve Colahan, major, decorations; third battalion, Edwina Hall, major, refreshments; fourth battalion, Helen Bearson, major, none. The general type of the party will be in keeping with Valentine day and the decorations will be a color scheme of red and white, with plenty of hearts and other novelties. The general direction of the affair is in the hands of Miss Frances Godeyk, girls' physical director.

That Hang-on Cough Must Go

Home Made Cough Mixture Best of all for the Cough That Sticks

Make It Yourself In Two Minutes

The coughing season is on and every home should have a supply of the best cough remedy to be had, and as you can make this supremely excellent cough mixture, you can pay high prices for the common kind.

Get from any drugstore one ounce of Parmlut (double strength)—a little add a little granulated sugar and enough water to make one half pint—that's all there is to it.

Then when any member of the family starts coughing or catches cold in chest or head, or has acute catarrh, you are prepared as you should be.

And the children love to take it. With speed almost beyond belief this home-made cough mixture attacks the toughest house-cough, and all because in it there is a substance (too costly for ordinary cough syrups) that immediately covers the membrane like a soothing, healing, poultice, and blessed relief comes at once.

And you should also bear in mind that any remedy that overcomes catarrh, partially or wholly, is bound to be of benefit to those who are troubled with head noises and catarrhal deafness.

Get Parmlut and get better.—Adv.

FLUSH THE KIDNEYS BEFORE BREAKFAST

Drink Lots of Water, Also Take a Little Salts if Back Hurts

No man or woman can make a mistake by flushing the kidneys occasionally, says a well-known authority. Bating too much rich food creates the uric acid which excites the kidneys. They become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood. Then we get sick, rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders often come from sluggish kidneys.

The moment you feel a dull ache in the kidneys, or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, begin drinking a quart of water each day, also get about four ounces of Jad Salts from any pharmacy, take a tablespoonful in a glass of water before breakfast and in a few days your kidneys may not line.

This famous salts is made from the acid of grapes and lemon juice, combined with lithium and has been used for years to flush and stimulate the kidneys; also to help neutralize the acids in the system, so they no longer cause irritation, thus often relieving bladder weakness.

Jad Salts is inexpensive; makes a delightful effervescent lithia-water drink which everyone should take now and then to help keep the kidneys clean and active and the blood pure, thereby often avoiding serious kidney complications. By all means have your physician examine your kidneys at least twice a year.—Adv.

Piles

Can't Be Cured From the Outside. External treatments seldom cure Piles. Nor do surgical operations. The cause is inside—bad circulation. The blood is stagnant, the veins throb.

The bowel walls are weak, the parts almost dead.

To quickly and safely rid yourself of piles you must free the circulation—send a fresh current through stagnant pools. Internal treatment is the one safe method. Ointments and cutting won't do it.

S. Leonard, M. D., a specialist, set at work some years ago to find a real internal remedy for piles. He succeeded. He named his prescription HEM-RHOI, and tried it in 1900 when he was satisfied. Now HEM-RHOI is sold by druggists everywhere under guarantee. It is a harmless tablet, easy to take, and can always be found at Green's Drug Store, which will kindly refund the purchase price to any dissatisfied customer.—Adv.

VITAL FACTS FOR WOMEN

Sooner or later almost every woman is brought face to face with the fact that she is a victim of some weakness or ailment peculiar to her sex. It may be the young woman suffering from pain or irregularities, a mother who has brought on some weakness or displacement from overwork, or the middle aged woman passing through the most critical period of her life. For each of these trying periods Lydia E. Pinkham's Vegetable Compound has proven the greatest boon ever given to women, and there are women living in every town and city in the country who testify to its value.—Adv.

CITY BASKETBALL LEAGUE
The City league basketball games will be played this week at St. Anne's parish house. The big game tonight will be the Lowell boys' club vs. the Ramblers. The Ramblers have developed a fast quietest that will give the boys' club a stiff battle. The Eagles and the Orioles and the Trojans and the St. Joseph's are expected to play at that time.

MEXICO SEEKS RECOGNITION
LONDON, Feb. 8.—Mexico is following Russia in seeking full recognition from Great Britain before settling the outstanding claims, but Mexico, unlike Russia, has not been a campaigner in British domestic politics and therefore is not likely soon to meet with Russia's success, it is learned at the foreign office.

FIRE IN THREAD MILL
An alarm from box 513 at 9:37 o'clock last night called the apparatus to the Meyer Thread mill in Middlesex street, where a slight fire was in progress. The automatic sprinklers had practically extinguished the blaze before firemen arrived and the greater part of the damage done was due to water from the sprinklers destroying stock.

First Execution By Lethal Gas

Continued
concoited of killing his sweetheart, an Indian girl.

P. A. McCarran, a former justice of the Nevada supreme court had made an impassioned plea on behalf of Russell, contending that the record in the case failed to bear out the state's case. The mother of the Indian girl had testified that she saw Russell kill her daughter, but Russell has insisted all along that he was innocent and that it was the mother who was the slayer.

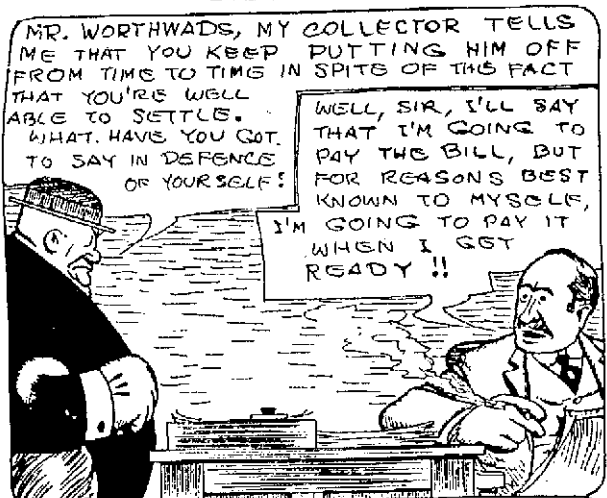

The district judge who presided at Russell's trial, telegraphed Governor Scruggs yesterday, expressing doubt whether it was a case of premeditated murder. The governor concurred in this doubt, while voting the belief that Russell killed the girl.

The execution of Gee Jon will be in a little stone building in the prison yard, in which a cell has been fitted for the condemned man.

The deadly gas, which will be vaporized from a liquid solution of hydrocyanic acid was in another airtight stone compartment. The witnesses will view the execution through two windows.

It was charged that the Jon and another Chinese now serving a life term were sent from San Francisco by a Tong to "execute" Tom Quon Kee, member of a rival Tong.

SEEKS REINSTATEMENT

Street Department Employee
Wants to Know Why He
Was Laid Off

Michael F. Kelly, an employee of the water works and street departments of the city for the past 15 years and who was laid off early this week, appeared before the public service board at its regular meeting yesterday afternoon seeking reinstatement and charged that his lay-off was due solely to politics. On request of Mr. Kelly a hearing was set for next Thursday afternoon at 4.30 o'clock, at which time he said he would have witnesses to substantiate his charges.

Chairman Murphy of the board criticized the method of snow removal in Belvidere and said that many streets had not been cleared up to yesterday morning. Snow removal is under the charge of Supt. Doherty of the street department and he replied that a trucking concern was supposed to clear Belvidere streets but had failed to do so and he had been compelled to send his own men into that district to open up the streets.

The meeting was called to order at 2.30 o'clock with all members present. The following monthly bills were approved: Street maintenance, \$5497.50; sewer construction, \$284.72; sewer maintenance, \$108.51; ash and waste collection, \$985.11; steel sprinkling, \$15.10; street lighting, \$11,666.76; paving, \$231.48; first st. extension, \$7.86; transfer, \$596.17; engineering, \$114.79; bridge, \$4940; water works department, \$4706.06.

The matter of the construction of granite sidewalks was next taken under consideration and the board went on record as follows: "On and after this date the city of Lowell will not pay the half cost of any granite sidewalks without a hearing before the board of public service."

A number of petitions for street lighting and street repairs were referred to the engineer and for view.

A communication from the inspector of buildings was read asking that an engineer be assigned to assist the building department in enforcing the building law. The matter was referred to the city engineer with instructions to assign a member of his force to the buildings department.

A communication from the city auditor in regard to several bills was referred to the superintendent of streets. A communication from the grievance board of the Municipal Employees union asking for a hearing was read and the hearing was set for next Tuesday evening at 9 o'clock.

A communication from the Saco-Lowell shops with a bill against the city for \$2085, one-half the cost of constructing the granite sidewalk on Dutton street in front of the new building, was read. In accordance with the motion passed earlier in the meeting the Saco-Lowell Shops was granted leave to withdraw.

City Engineer Kearney reported that the estimated cost of building a roadway and sidewalks on Clark road is \$10,000. Action upon this matter was deferred until the next meeting.

Michael Kelly's Case
Michael J. Kelly appeared before the board and asked for a preliminary

hearing concerning his recent lay-off. He was granted his request and told of his service in the water works and street department as a teamster in 1914, ago. He entered the employ of the street department as a teamster, in 1914, transferring from the water works department. He said he worked steadily from that time to 1918; when he received a broken arm while at work. After several months' lay-off due to his injury he returned to work and worked steadily until 1922, when his team was in collision with an automobile and he received injuries that permanently disabled him as a teamster. He was put at work following his recovery as a tool boy. In July he was ordered to return to work as a teamster, but refused because, he said, he was unable to do the work. He then returned to work as a tool boy and was laid off the week before Christmas. The first of this year he was granted his vacation and returned to work a week ago last Tuesday. Within a few days of this time he was laid off. He asked why the superintendent changed his mind within a few days. Mr. Doherty said in reply that there was no further need of a tool boy. Kelly then said that in addition to his work as a tool boy he had been caring for an engine also.

"What changed your attitude in three or four days?" asked Mr. Kelly, and added before receiving an answer: "Were you called to an office in city hall recently concerning an argument in a club?"

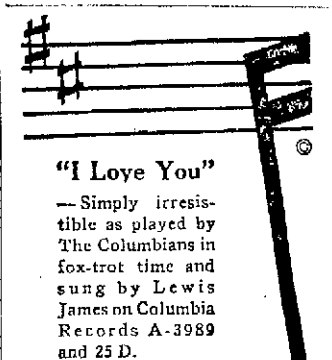

Mr. Doherty refused to answer this question and Mr. Kelly asked him if Mr. Gurrity was laid off for the same reason.

"Did you give orders last July for me to report back to my team?" Mr. Kelly asked. Mr. Doherty said he could not remember definitely. Mr. Kelly then said that Mr. Doherty told him at that time that "some one in charge didn't like me and wanted me transferred to the team."

Mr. Doherty made a general denial of Mr. Kelly's charges and Mr. Kelly asked for a hearing so that he could bring witnesses to testify to the truth of his statements. The hearing was set for next Thursday at 4.30 p. m.

City Lodge Repales
John B. Blessington appeared before the board relative to repairs at the city lodge and said he could make all repairs necessary for about \$500. On motion

he was granted leave to withdraw.

FOR QUICK SELLING

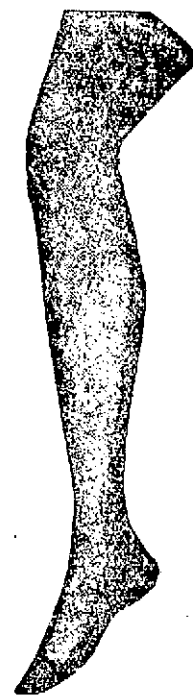

These silk stockings are high grade "irregulars" of a nationally advertised brand. The quality, the fine full fashioned weave, the reinforcements, the garter proof mercerized cotton top, all are to be found in these stockings. At nearly one-half what you would ordinarily pay. The slight imperfections which make such a startling price possible need not interfere with the wearing qualities, and appearance of the stockings. Certainly the remarkable fact of buying two pairs at practically the price of one overshadows any small blemish which has caused so tremendous a value.

JURY PAY RAISE PLAN EXPENSIVE ONE

The increase in compensation and travel pay for jurors, now under consideration by the state legislature, if granted as suggested would mean an increased cost of about fifty per cent. or approximately \$54,000 to Middlesex county. This statement emanates from the county commissioners who in a letter to legislators of this county say in part:

"Without entering into the merits of the question we desire to present the following facts. In 1922 Middlesex county expended for jurors \$51,031.84 in the civil courts and \$45,266.04 in the criminal courts, a total of \$107,297.88. Owing to increased sessions the costs will be materially increased in the future even though their pay remains as at present. In the whole commonwealth the increased expenses would amount to substantially \$300,000.

"Having in mind that the expenses of our superior courts in Middlesex have increased from \$138,352.34 in 1917 to \$257,352.37 in 1922, your county commissioners deem it their duty to present these figures for your consideration."

The communications, mailed from Cambridge on Feb. 6, are signed by Chairman Alfred L. Cutting, Erson B. Barlow and Walter C. Wardwell.

ELISIE JANIS SURE OF BIG AUDIENCE

Augmenting her achievements in the American theatre, Miss Janis, nationally known comedienne and musical comedy star, is now engaged in her first concert tour, appearing under the same auspices that direct the professional activities of the world's greatest artists. Miss Janis—whose season will embrace all the principal cities—will appear here on next Thursday night at the Auditorium under Y.M.C.A. auspices.

Just back from Europe, a trip that combined pleasure and playing two or three engagements on the other side, Miss Janis found herself confronted with the problem of going in that had been offered her for this to one of several musical comedies season, one under the management of Charles Dillingham, or taking concert engagements—an entirely new endeavor.

The prospect of playing to and winning new audiences (the assumption being that music lovers neither attend nor interest themselves in the so-called legitimate theatre) appealed to Miss Janis, and as a result, musical comedy lost one of its greatest personalities—at least for a season.

The popular international star, who she is in fact being just as great a favorite in both London and Paris as she is in this country—will have her own company consisting of a pianist, a tenor and a violinist. Her program includes her famous imitations, character songs, and costume dances—a field of entertainment in which no one in this or any other country has ever approached her artistic ability. Striker's is handling the advance ticket sales.

FAVOR PARTY AT THE KASINO TONIGHT

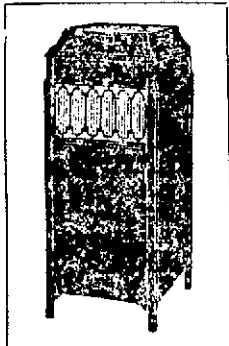

Tonight at the Kasino, the much-talked-of favor party will be held. All kinds of fantastic hats, caps and noise-making devices have been imported by the management for the occasion and a royal good time is assured. Males and females will find in this party barrels of fun of the copyrighted Kasino variety. A feature of the occasion will be the presence of the Lowell Cadet band which will dispense music of the latest sort. This famous band is in attendance at the Kasino every Monday, Wednesday and Saturday nights. A special program of syncopated tunes has been prepared for presentation this evening. Patrons may well be prepared for an evening of the rarest kind of fun.

INTERESTING TALK ON LOVE AND MARRIAGE

Hundreds of women listened to an interesting talk on "Love and Marriage" given by Victoria Booth, D. M. A., in the Memorial Auditorium, yesterday afternoon. Speaking of the great dignity bestowed upon woman she said: "Every woman is born into the world with a wonderful gift, the gift of her womanhood. There are wonderful powers wrapped up in womanhood. We are responsible to God, to man and to the child for the use we make of these powers. The more gifts we have the more answerable we are to God and to humanity."

"Woman has been down through the ages, the devil's chief asset. It has exploited her to the utmost. The woman comes to the front everywhere, especially when it is a matter of psychological influence. It is time the church opened its doors to woman that she may use all her powers in the service of God and the salvation of humanity."

"I have seen a woman send a man to the devil with one look in her eyes. She begins to be conscious of her power when she is 11 years of age. Remember, girls, it is nothing to be proud of, either about. These powers you are exploiting are the greatest powers of the universe."

"The moment woman loses man's respect, that moment the nation begins to fall. Therefore woman should consider before she cheapens herself."

Speaking of France as it is known, the most immoral country in the world, Mrs. Demarest mentioned that she was born in France, although she is an American and married an American. "I want to tell you that the line is clearly drawn in France, between the good woman and the other kind, and if some of our American girls were to paint up and walk around the streets in Paris as they do here, they would be stamped as bad. And those girls are daughters of your very best families."

The sin of the first was her next topic and she emphatically denounced the first, branding her not a woman, but a hard, cruel caricature of a woman. She described the modern dance as the breaking down of barriers, a degradation to womanhood.

Speaking of the duties of mother and father, she said that she was tired of hearing "Mother, mother," and believed it was high time to hear "Father, father!" "We have gone so far in talking about mothers, that fathers wash their hands of the whole responsibility and leave it all for the women to do. The father needs to waken to his responsibility."

"Don't be quitters," said Mrs. Demarest in speaking of divorce. "Remember, the only justification for divorce is the soul of the child. One of the main causes of divorce is refusing to have children. Without children marriage gets mighty stale. There is nothing to keep the sacred flame burning on the altar, like the patter of children's feet and their arms around your neck."

"I would rather be the wife of a drunkard who had 15 children by him than be the woman who was a quitter and coward."

WILL OBSERVE BOY SCOUTS ANNIVERSARY

The 14th anniversary of the incorporation of the Boy Scouts of America will be observed in Liberty hall this evening, with appropriate ceremony by Boy Scouts of Lowell and surrounding towns.

The meeting is in charge of Scout Executive Edwin J. Mellon and the public is cordially invited to attend. Features of the meeting will be the renewal by the scouts at 8:15 o'clock of the oath and the making of Mayor Donovan and members of the city council honorary members of the club.

The speakers of the evening will be Mayor Donovan and Dr. John H. Lambert, the latter president of Lowell council, Boy Scouts of America.

SAN CARLO OPERA CO. CARRIES MANY EXTRAS

A casual analysis of the personnel embraced in the San Carlo Grand Opera Co., which comes to the Memorial Auditorium for one performance of "Maddame Butterfly," on Monday evening, Feb. 18, discloses one of the many reasons why opera is so costly to the producer and why his mention conjures in the mind glimpses of fabulous figures. Every important role in the repertoire is provided with from three to a half-dozen artists. For instance there are that many sopranos, tenors and baritone as a form of insurance against the coughs, colds and other trivial ailments that afflict songbirds and thereby spell disappointment for opera fans. Nothing short of a wholesale epidemic could disturb the schedule once it is established, but this sort of insurance costs money and lots of it.

Seats are now on sale at Chulifoux's for the Lowell performance.

SOLDIERS' STILL GUARD TOMB OF WILSON

WASHINGTON, Feb. 8.—The crowds which have been passing through Bethesda chapel at the cathedral where Woodrow Wilson was entombed, today gave no indication of diminishing. Despite the cold weather, they began gathering early today, and by 2 o'clock had overflowed the streets and tied up traffic.

The flowers sent to the chapel as tributes to Mr. Wilson will be left there until they are faded. The war department has given orders that the soldier guard shall remain for an indefinite period.

KILLED ON RAILROAD CROSSING
FARMINGDALE, Me., Feb. 8.—William A. Cross was killed and James H. Cummings was on the danger list at the Gardner General hospital as the result of a railroad crossing accident here today.

The two men were coming from their homes in Hallowell to their work in the power house of the Central Maine Power Co., when the closed automobile in which they were riding, was struck by the morning passenger train to Portland, from Waterville, on the Maine Central railroad. Both were married.

Alkali in Shampoos Bad For Washing Hair

Many soaps and prepared shampoos contain too much free alkali, which is very injurious, as it dries the scalp and makes the hair brittle. The best thing to use is Mulford's coconut oil shampoo, for this is pure and entirely greaseless. It is inexpensive and beats anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Two or three teaspoonfuls is all that is required. Simply moisten your hair with water and rub it in. It makes an abundance of rich, creamy lather, which cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to manage. Besides, it loosens and takes out every particle of dust, dirt and dandruff.—Adv.

NEW YORK, Feb. 8.—The mother and four sisters of the defendant who were led from the court room today at the trial of Morris Diamond, one of two men indicted for the murder of two bank messengers who were robbed of \$14,700.

The outbreak occurred when a witness accused Joseph Diamond, brother of the defendant and one of the quartet under indictment, of being one of two men he saw holding revolvers on an elevated station platform when the messengers were killed.

FIND OLDEST FORM OF
PHOENICIAN ALPHABET

FESS LAUDS MELLON

PHILADELPHIA, Feb. 8.—Dr. George Barton, professor of Semitics at the University of Pennsylvania, has received a letter from Palestine stating that two French archaeologists, working on the site of ancient Phoenicia, have discovered the oldest form of the Phoenician alphabet yet found. It is declared to date not later than 1300 B.C., and from it Greek, Roman, Hebrew and English alphabets can be traced.

The earliest inscriptions that were previously known in the Phoenician alphabet were upon the Moabite stone found in 1850, dated 850 B.C., according to Dr. Barton.

ROME, Feb. 8.—Normal relations exist between Italy and Russia today for the first time since the overthrow of the Czarist regime. De Jure recognition of the soviet government in Moscow was extended simultaneously with the signing here yesterday of a commercial treaty between the two countries, and it was announced that an ambassador to Moscow would immediately be appointed.

The Italian action follows that of the labor government of Great Britain which extended recognition to the soviets soon after assuming office.

FREED OF CHARGE
OF KIDNAPPING

Appears at His Own Request
(Continued)

NEWPORT, Feb. 8.—District Judge Levy in discharging J. R. Silverman of Providence today said that he could not adjudge the man guilty of kidnapping, the charge upon which he was arrested in December last, because of the peculiar wording of the Rhode Island statutes. The arrest followed the complaint to the authorities by William Beattie of this city that he had been kidnapped on the street here late at night, taken to an undertaker's establishment in Pawtucket and questioned about the disposal of a large quantity of liquor which had been stolen from a truck.

Beattie said he had been unable to give any information about the liquor and that he was brought back here the next day unharmed.

SUIT TO RECOVER
INCOME TAXES

TO EXAMINE DUNDEE

BOSTON, Feb. 8.—Trial was begun in the federal district court today of a suit brought by Maxwell Norman of Newport, R. I., wealthy clubman and polo player, and his brother, Bradford Norman, to recover income taxes for 1918 paid under protest to the state of Massachusetts. The state assessed \$492 taxes for that year upon the brothers as trustees of the estate of their father, George H. Norman. They seek to recover this amount with interest.

Maxwell Norman testified that although he owned five estates in Massachusetts, including a house in the Back Bay district of Boston, he and his brother always had maintained their residence in Newport and voted there. He had bought his country estate in Hamilton, he said, in order to be near the Myopia Hunt club during the polo season.

It was brought out that the estate had its main office in Newport and maintained a branch office at a hotel in this city.

NEW YORK, Feb. 8.—The State Athletic commission today ordered an examination of Johnny Dundee, featherweight, and junior lightweight champion to determine whether a reported injury to his hand was sufficient to prevent fulfillment of an agreement to box Jose Lombardo in Panama, Feb. 22. This action was taken at the request of Panama boxing authorities who protested indefinite postponement of the bout by J. J. Johnston, Dundee's manager.

BOSTON, Feb. 8.—The Museum of Fine Arts in this city has received from an anonymous donor, a marble bust of George Washington, which was made by the famous French sculptor, Jean Antoine Houdon. It is similar in style to the Houdon terra cotta bust of Washington in the Louvre.

Houdon came to this country in 1785 under commission from congress to make a statue of Washington.

tion. The Sinclair interests wanted to clear up all dispute of title oil he said in connection with the granting to them of the Tea Pot Dome lease by fall. Sinclair had testified that he expended in this connection about \$1,000,000.

Mr. Bonfils said that Doherty, while interested in the Stack claims estimated that "Mr. Stack's leases with the Mid-West and other companies at lowest value was worth from \$5,000,000 to \$17,500,000."

Mr. Doherty had based his estimate, Mr. Bonfils said, upon the reports of the geologists who had examined the Tea Pot Dome reserve.

The witness told the committee that he had never seen Mr. Fall.

"Didn't you go to Alaska with him in 1923?" asked Senator Walsh.

"No, I went to Alaska with President Harding. Secretary Work was on that trip, as were Secretaries Wallace and Hoover."

The publisher explained in reply to further questions that at the invitation of Secretary Danby, he now was on his way to board the naval transport Henderson at Charleston, S. C., to witness the naval maneuvers off Panama.

William G. McAdoo, candidate for the democratic presidential nomination, one of the most prominent of the witnesses on the committee's rapidly growing list, last night announced his resignation as special counsel for E. L. Doherty in a letter to Chairman Lenoir, requesting an immediate hearing. His request was made public after the committee during the day had received a letter from Mr. Doherty saying he had been in error in testifying that he had paid Mr. McAdoo and the firm with which he was formerly connected \$250,000 "all told" for legal services in connection with Mexican oil matters and that the amount was \$150,000, the figure announced by Mr. McAdoo in a statement at the time.

Mr. McAdoo in his letter to the committee chairman declared that "if my conduct in acting professionally" for the Doherty companies in the Mexican oil matters "is open to criticism, then no lawyer can take a cabinet office unless he is rich enough to give up all professional employment in business when he comes out of office."

Asserting that he had "never dealt in political information, nor did I ask or promise, or give or receive, political favors, or other favors," he said, he was terminating his professional connection with the California oil magnate because he feared "that the newspaper accounts might be as vicious and unfair" to Doherty as they have been to him.

He described as "monstrously unfair," the "whispered suggestions" that he and the others, lawyers, and laymen, who helped in the Mexican enterprises of which Mr. Doherty is the head—share any taint of any kind, and particularly resented the "insinuation" that because the late Franklin K. Lane, after his service as secretary of the interior, resigned and became quite openly, an officer of the Doherty companies, he thereby shares the taint of corruption.

The committee's work was reduced only slightly yesterday by its decision not to attempt further to question former Secretary Fall lest such action give him immunity from prosecution.

AMUSEMENT NOTES

THE STRAND
He is a "slow poke" and she is intent upon living the hectic jazz life. That's the theme about which "Temporary Marriage" is woven, and in which Kenneth Harlan and Mildred Davis are starred. There are many tense, dramatic situations and thrills, as well as a pleasing balance of humor. It's a story of the average American home with an injection of some exceptions thrown in. Tom Mix in "Speeding Past" shows this super-cowboy star at his best, as far as thrills and excitement is concerned. Six never disappoints or fakes, and you'll see him in new wonder stunts in his newest screen offering. The comedy and weekly help make up a great bill.

MERRIMACK SQUARE THEATRE
"Tiger Rose," Edmund Goulding and Mildred Webb's famous play of the same name, now playing at the Merrimack Square theatre, is the story of a wild-cat child of the Canadian Northwest, starring Lenore Ulric. Born of vagabond parents and deserted early in life, this girl, nicknamed "Tiger Rose," is thrown upon her own resources. Her life and participation in the loves and hates of the men she is thrown in contact with in this frozen waste, forms the basis of a picture that is well worth seeing.

The companion attraction is "Railroaded," an entertaining dramatic production with Herbert Rawlinson in the leading role.

For the first four days of the coming

week Manager Peterson announces "Don't Call It Love," a William de Mille Paramount production, with Agnes Ayres, Jack Hall and Nita Naldi.

B. F. KEITH'S THEATRE
The dancing of Edith Clasper and of her boy assistants, Paul O'Neal and Paul Yocan, at the B. F. Keith theatre this week, is distinctly a treat. "Variety" is the label of the act, and as the act progresses it is seen that it lives up to its title. Moore & Freed, who make music out of many common-place instruments, and who also throw in very good comedy, are not only very able but also very versatile entertainers. Westerhold's Radio Ship is one of the most novel and most entertaining of recent scientific creations. The demonstration is sure to cause a vast amount of interest. Miller & Fears offer a thoroughly up-to-date dancing act, and Kim Travelling, the singer, presents a new line of songs. Julius Pure, European gymnast, makes a splendid opener for the bill. The picture is "The Empty Cradle," with Harry Morey in a big part.

RIALTO THEATRE
Tom Mix, ace of all western stars, has never been seen to better advantage than in Zane Grey's "The Lone Star Ranger," which is being featured on the Rialto theatre screen. The assemblage of film fans at the Rialto yesterday repeatedly gave evidence of its pleasure at the thrilling antics of Mix. It seemed as though the virile, robust cowboy had appeared in person and that his followers had turned out to pay him homage. Much credit must go to the unusual "Tony," Toni's talented steed, whose response to his

AN INVITATION

Sy Silverblatt, proprietor of the Crown Theatre, cordially invites the members of the Lowell Police department to be his guests at today's matinee performance of "IN THE NAME OF THE LAW." It's a soul-stirring drama, putting the police force in the right light.

CANNOT CONTINUE

AT OPERA HOUSE

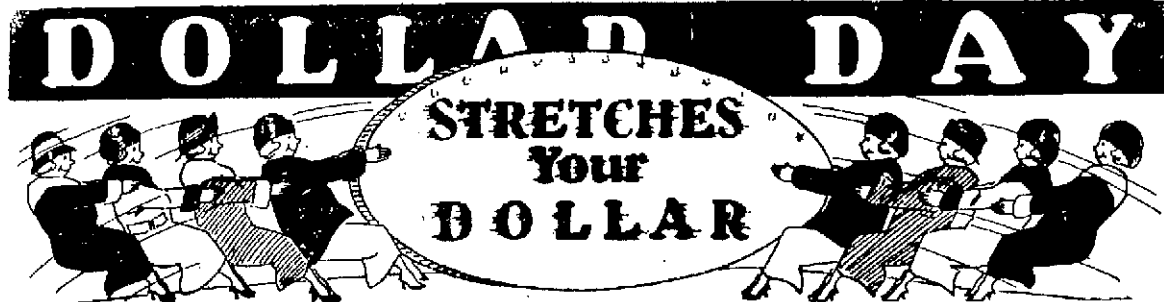

Miss Lillian Demond, leading lady of the Lullington players, left last night for her home in New York city. The other members of the company are still in Lowell awaiting definite word from Al Lullington, the Opera House lessee, as to his plans. Mr. Lullington said this morning that he has

about given up as hopeless the chance of continuing here this season, but hopes to return at the opening of the stock season next fall.

"I have had a number of conferences with Mr. Hennessy, the owner of the building," said Mr. Lullington. "The upshot of the whole thing is that it would take two months to restore the theatre to anything like its old state. To improve upon it, as Mr. Hen-

nessy intends to do, will take all summer. Mr. Hennessy has promised to improve upon the house and give me the first chance at it next fall.

"I am now trying to find a theatre for my company for the remainder of the stock season, which normally is at its height in the next six weeks. I have about given up here but have several cities in view in one of which I will probably locate."

master's demands of hard riding is unexcelled. "The Lion's Mouse," which is the companion attraction, is a stirring melodrama starring Marguerite Marsh and Wyndham Standing. Stolen pearls and a mysterious package containing

valuable papers form the mysterious elements in this mysto-melodrama. It offers in a thrilling manner a story wherein a mere slip of a girl becomes detective in order to save her benefactor from the coils of a band of black-mollers.

TWO HELD IN SHOOTING

Brother of Carl R. Craig,
Who Was Shot in Duel by
L. F. Curtis, Arrested

NEWTON, Feb. 8.—The condition of Lewis P. Curtis, the wealthy clubman shot by Carl R. Craig, an intruder in the former's Commonwealth avenue home yesterday, was reported as still serious at a hospital here today. Curtis, alias Itoya G. Vance, shot by Curtis, was still in a dangerous condition in a

hospital and is under arrest for attempted burglary. Craig's address was given last night as New Brunswick, Canada, but the police said today that his home was in Charlottetown, P.E.I. Curtis, a crack pistol shot, surprised Craig asleep in the sun parlor and in the duel that followed Craig was shot several times and Curtis once. A large amount of alleged stolen property was found in Craig's room in a Boston lodging house, said by the police to be the loot from several recent burglaries in this vicinity.

Later the police arrested Carroll Craig, the alleged burglar's brother, in the Boston lodging house. The police said they had found stolen goods worth several thousand dollars there and that they had discovered information connecting Carroll Craig, also,

with other robberies and burglaries. Taken to his brother's bedside, Carroll Craig denied knowledge of the shooting. He told the police that his father was Peter Craig of Charlottetown, P.E.I.

The police also questioned Mrs. Cella Doherty, said to be a friend of the Craig brothers, but released her.

OPPOSES PENSIONS FOR FORMER PREMIERS

LONDON, Feb. 8.—Premier Ramsay MacDonald does not subscribe to the suggestion that former British prime ministers should be pensioned. Asked about the matter, the premier said the salary was sufficient and, "on leaving office, why not go back to the simple life, with its porridge and plainness."

MRS. MCCORMICK AND PARTNERS SUED

CHICAGO, Feb. 8.—Mrs. Edith Rockefeller McCormick, daughter of John D. Rockefeller, Sr., with Edwin Krenn and Edward A. Dato, her partners in a real estate firm, are made defendants in a suit for \$10,000 damages filed by Samuel Broker, consulting engineer and accountant, according to the Chicago Herald and Examiner.

According to the newspaper, the declaration states that last September, Broker was employed by the defendants to devise a method to form a

tax free organization in which Mrs. McCormick might invest \$15,000,000 in stocks and bonds. Broker conceived the idea of forming a "common law trust" which would obviate the necessity of paying federal taxes and Mrs. McCormick contributed \$255,000 and Krenn and Dato \$1500 each to the trust, the declaration alleges.

Broker claims he was to receive \$100 a day for his services and in addition a sum commensurate with the amount of tax saved.

THIRD LEG OF FLIGHT

PANAMA, Feb. 8.—The army airplanes flying from Panama to Guatemala completed the third leg of their flight safely yesterday, arriving at Managua, Nicaragua, from San Jose, Costa Rica.

INVITE DEPEW TO HIS OWN BIRTHDAY PARTY

NEW YORK, Feb. 8.—When Chauncey M. Depew came to his New York office from his Peekskill home today, he found that his list of visitors included a committee of Westchester county residents who were calling to invite him to his own 90th birthday party on April 23.

The invitation, engraved on parchment, bears the signatures of many of the former senator's fellow townsmen, as well as county officials. Where the party will be held, has not yet been decided.

HUNGARY BARS "YES, WE HAVE NO BANANAS"

BUDAPEST, Feb. 8.—Bands and orchestras in Hungary are not allowed to play "Yes, We Have No Bananas." As the tune reaches each country of the Balkans, it is translated to suit local tastes and temperaments, but the Hungarian words to it are so utterly impossible and naughty, that the authorities have forbidden the singing of the playing of the air.

Y. M. C. I. VS. CADETS

Fifth Game of City Championship Series at the Crescent Rink Tonight

The fifth and perhaps the most important game—as it will break the existing tie—in the Y.M.C. I. and Y.M. C.I. series will be staged in Crescent rink tonight. Both teams are out to annex a win in this game and thus get the edge that means so much at this stage of the championship struggle. To date the four games played thus far, of a close and exciting nature with each team strengthening its lineup for each succeeding game.

Capt. Dan O'Connor of the Y.M.C. I. announced today that he would put an "All-Well" team on the floor tonight, his lineup to be Twomey and Crony back, Kenney center, "Punk" O'Connor and D. O'Connor forwards.

Capt. Lepper did not announce his lineup in advance but it is believed he will have Ryan and Winn of Nashua, whose work in the last game was instrumental in providing the tie when Y.M.C.I. won the decision by a 16 to 12 score. They are experienced men and like to play. Their team affiliation has no bearing on their standard of play, for they give all they have.

It will be a great game, therefore, all things considered. The crowd is proving immensely popular with the game, the attendance showing a substantial increase at every meeting. The tickets are being evenly distributed.

An added feature tonight will be the preliminary contest tonight will be the C.I. Seconds and the Junior Holy Name team of the Immaculate Conception church.

99 YEARS' SENECE

Old John Benedetto, Paroled

After Serving 15 Years,
Goes Back to Penitentiary

CAMBRIDGE, Feb. 8.—(By the Associated Press) With Tuxpam still in rebel hands and Tampico held by the federals, it has been impossible so far to obtain confirmation here of the reports that Adolfo de la Huerta proceeded to Tuxpam when he fled from Vera Cruz, the former rebel headquarters.

As regards the counter reports that Huerta had gone to Yucatan, it is believed that if he has taken this course it will prove a fatal step for him, as important military operations by the federals are in progress in Yucatan with every promise of complete success.

The state of Tamaulipas, in the southeast corner of which Tampico lies continues quiet.

lines, and are prepared to celebrate Dollar day by giving bargains never before offered to the people of Lowell and suburban towns.

Secretary-Manager George P. Wells

Many stores are to offer whole counters of goods at remarkable price reductions. The price slashes this year will enter almost every line of popular-priced merchandise, including the clothing and footwear line as well as jewelry and home decoration line.

Lowell merchants working harmoniously and enthusiastically together in this New Year Dollar Day goods offering, have advertised extensively many of their bargain wares, as inspection of The Sun's crowded pages will show today. Many of the price offerings have never been equaled, but the merchants are out to break all Dollar Day records and they appear to have made an excellent start by their generous advertising announcements that fairly sparkle with extraordinary bargains sure to be snapped up by Middlesex county Saturday shoppers tomorrow.

The Dollar Day advertising campaign this year was conducted upon a larger plane than in former years. The display cards for store window decoration, as well as the descriptive announcements covering Dollar Day plans, were distributed far and wide.

of the Lowell chamber of commerce announced today that the Dollar Day sales will continue from 9 a. m. until 9 p. m. tomorrow. He expressed great satisfaction with the prospects for tomorrow's merchandising business in Lowell. Never before have Lowell merchants responded so promptly and generously to the Dollar Day call.

reaching all of the country towns about Lowell—a single feature that is sure to bring to the city tomorrow a host of rural shoppers.

Advertising space in the newspapers of the city has also been taken liberally by all merchants joining in the Dollar Day campaign and the results from this powerful medium of publicity are sure to swell the patronage tomorrow.

Ford Discusses Oil Scandal

(Continued)

secretary of the navy and a Detroit, Mich., resident.

"I have been asked to join other citizens of Michigan in securing a fair deal for Edwin Denby, secretary of the navy. It is alleged here that because he has less political influence than other members of the government, a pretext may be sought to make him a scapegoat. My reply has been that I am sure that we can repose full confidence in President Coolidge's sense of justice which will not permit him to condemn any man without just cause nor injure any man's reputation without good reason. The senate also without doubt, will accord every man a full hearing and opportunity for self defense. No one in Michigan, who knows Mr. Denby, has ever believed him capable of personal dishonesty in public or private affairs.

"Nothing in this statement, however, should be construed as desiring in any way to limit or weaken the investigation now in progress. Let the investigation proceed without personal or partisan fear or favor until all the facts are disclosed. It is not enough to know who are the immediate persons concerned; let the probe go deeper until the international banking houses who conspired and insured the deal are exposed for in the last analysis they are the sources of the corruption in which other men are caught. If the investigation is pushed beyond surface facts, more than our rights in the naval oil leases will be recovered; we may also gain a knowledge of what inspires weakness in public office.

"The dangerous element in this matter is not alone the greed and weakness of individuals, but their readiness to weaken the country's defenses by giving up the navy's fuel to private exploitation. The committee might also do well to look into the possibility of action between oil interests and our attitude toward the Mexican difficulty."

When his petition was before the board for hearing last Monday there were one or two remonstrants and the board decided to view the premises before giving a decision. The matter will come up for settlement at next Monday's meeting.

MAN BITTEN BY

FOX TERRIER

BROCKTON, Feb. 8.—Thomas Sinkovetz, 35 Manjer street, Brooklyn, N. Y., while visiting at the home of relatives here, was bitten by a fox terrier.

Dog Officer John J. Joyce shot the dog and sent the head to the state authorities. Sinkovetz was treated by Dr. A. P. Budreski, but did not take the Pasteur treatment. A report today from the division of animal industry, showed that the laboratory report shows changes in the dog's brain suggestive but not diagnostic of rabies, owing to the condition of the brain. Absolute and final report will have to await the result of inoculation of several small animals.

BERLIN SHIFTS BLAME

ARCHBISHOP PLATON

OF RUSSIA DEPOSED

MOSCOW, Feb. 8.—Archbishop Tikhon, head of the Russian Orthodox church, in an interview printed here, said he had nothing to withdraw from his order deposing Archbishop Platon, head of the American Russian church, but on the other hand he wants to bring Rev. Platon and also two other prelates, Revs. Antoin and Evlogi, to Russia for trial. He said that only in December he had learned that Archbishop Platon headed a counter-revolutionary monarchist organization in America. Asked if he would reconcile the opposition group which unfrocked him with the holy synod, Archbishop Tikhon said: "Let them first repent."

NEWCASTLE CONSULATE

Prime Minister MacDonald
Seeks to Effect Settlement
of Controversy

LONDON, Feb. 7.—(By the Associated Press) Prime Minister MacDonald in his desire to remove every obstacle calculated even remotely to impair the good relations between this country and the United States, will at an early date, attempt to effect a settlement of the controversy concerning the reopening of the American consulate at Newcastle. It was learned from an authoritative source today.

He also will support the confirmation in the house of commons of the Anglo-American liquor treaty, and he expects no serious opposition to the passage of this measure.

He is understood to feel regretful that it had ever become necessary to safeguard America's right to enforce her own prohibition laws by the negotiation of this special treaty. He would have preferred, it is indicated, to see all foreign nations, individuals and ship owners, honorably respect the American desire to keep out illicit liquor in the attempt to enforce the principle of prohibition.

On the question of disarmament, Mr. MacDonald is known to share heartily the views of the American government, and would welcome a posture from Washington for the convening of another conference having as its object a further diminution of the naval and military equipment of the nations of the earth.

The British prime minister is firmly convinced that an appeal to the sense of justice, the reason and the higher instincts of the nations would do more to restore the peace of the world than the maintenance of giant navies and armies.

In this connection it is understood he favors the shelving of the project to establish the Far Eastern British naval base at Singapore until the application of these principles has been tried.

The premier advocates the extension of the principle of arbitration between the United States and Great Britain and will do everything possible to facilitate formal arrangements on this subject, although the United States has not yet made any official advances in this direction. He is also hopeful that the United States will lend its great influence and assistance in solving the problems of the Europe. He regards the participation of American experts in the reparations inquiry and the probable fruitful outcome of their labors as a good augury in this direction.

PUBLIC REPRIMAND FOR SERGEANT-AT-ARMS

WASHINGTON, Feb. 7.—A public reprimand of Hume Graves, a deputy sergeant-at-arms of the senate, for statements said to have been made with regard to the Mayfield election case, was issued today by Chairman Spencer, of the senate elections committee.

Paul Caropietti, aged 35, is dead. His death yesterday was at first thought to have been due to typhoid fever.

Later four other men who had been guests at a dinner at the Caropietti home Tuesday night were taken seriously ill and removed to the hospital, an investigation revealing that all were suffering from a similar ailment which was diagnosed as trichinosis, a worm disease that attacks the muscles.

A pathologist made the diagnosis of the cases after the death of Caropietti as it had been ascertained that the uncooked pork in spiced sausage was one of the chief items on the menu.

DECORATIVE SCARFS
There are many things you can do with the decorative scarfs of this season. In many cases they form the only decoration allowed on the straight tube-like frocks.

DECORATED LININGS
Decorated linings are the most striking feature of many suits, particularly in costume suits where the theme of the design, exploited in the human bodies is carried further in the lining.

CURTAIN MATERIAL
Toile de Jouy, a fabric hitherto more popular for curtains and upholstery than for personal use, has suddenly become a favorite for frocks and even coats.

"EATEN OUT OF HOUSE AND HOME" BY VISITORS

MILWAUKEE, Wis., Feb. 7.—Residents of Reedsville, Wis., "eaten out of house and home" by passengers on railroad trains stalled since Monday night within the village limits, are facing a serious food shortage. Reports reaching Milwaukee are that the town, of 600 population has been cleaned out of staple foods.

A relief train left Kaukauna last night, but despite two rotary snow plows, it was stalled time after time in heavy drifts and it is not known whether it got through as wires in that section of the state are down.

The city of Two Rivers has been cut off two days and the only source of food supplies is said to be through bringing in supplies from Manitowish.

In many parts of Wisconsin snow drifts 20 feet deep are holding up transportation.

Was Afraid To Eat Says Cambridge Lady

"Regaining my health and strength seemed an impossibility until I took Tanlac, but I am now feeling stronger and better than ever in my life," said Mrs. S. H. Simpson, highly esteemed resident of 407 Massachusetts Ave., Cambridge, Mass., recently.
"My appetite utterly failed me but even an appetite wouldn't have done much good. I was actually afraid to eat for not a day passed in a year or two that gas pains were not with me. Constipation, nervousness, headaches, dizziness and sleeplessness made me more and more miserable and I was extremely weak and thin. I was told that Tanlac would surely help me but I never expected such splendid results. Why, it relieved the stomach trouble and constipation entirely, increased my weight ten pounds and made me perfectly well. It has been six months since then and I have been eating, sleeping and feeling just fine. I couldn't do otherwise than praise Tanlac."
Tanlac is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold.

5 NEGROES GO TO CHAIR

New Warden at Texas Penitentiary Officials at Election

HUNTSVILLE, Tex., Feb. 8.—While Walter Monroe Miller, new warden at the Texas penitentiary was officiating at the election of five negroes early today, the former warden, R. P. Coleman, peacefully slept at his home. He resigned the post of warden last month when he learned he would have to act as executioner in all death sentences in Texas.

The state was searched for a successor, and Miller, former sheriff of Johnson county, finally was decided upon.

"It just couldn't be done, boys," former Warden Coleman told newspapermen.

"A warden can't be the warden and killer, too. The penitentiary is a place to reform a man, not to kill him."

But with Warden Miller it was different.

"It's a case of duty with me," he said. "I have hanged several men while I was sheriff and to touch the button or pull the switch of an electric chair means no more to me than pulling the lever of the gallows. At any rate, it's more humane—the chair."

All five negroes were convicted of murder. Two were convicted of killing white men, one for wife murder, the fourth for killing a negro woman and the fifth for the death of a negro man.

BIG CARNIVAL COMES TO END

Two-Day Winter Frolic at Fort Hill Attracts Thousands of People

King and Queen Chosen and Crowned at Knicker Dance Last Night

Lowell's two day winter carnival came to an end last night with the knicker ball at the Memorial Auditorium, attended by upwards of 1500 young people and which resulted in the crowning of a carnival king and queen in the persons of Joseph J. Lamontagne of 181 Ensell street and Miss Sadie Malaren, popular member of the Girls' City club and a former president of the organization.

Although weather conditions in the afternoon did not allow any skating events or even horse racing and was not the best for ski jumping, the carnival was in full swing from 2 o'clock until late last night and thousands of persons were attracted to Fort Hill and found much of benefit in the bracing outdoor air and enjoyment in the various features. The toboggan slide was the centre of attraction and even though the ice was but one chute and waiting in line was slow work, no one grumbled and the young people enjoyed the slide to the utmost when opportunity presented itself. A concert by the band of the Organized Reserves, stationed on the porch of D. H. Walker's residence, enlivened things not a little.

Of great interest throughout the carnival was the appearance of Arthur Walden's dog team from Wonalancet, N. H., a team of six splendid dogs led by Chinook, who was instantly loved by all who saw him. The team paraded through the downtown streets at the noon hour and during the afternoon were seen at around the park, showing samples of great speed as well as handling power. The motorcycle hill climbing contest attracted many hundreds yesterday afternoon and creditable time was made by the contestants. The event was won by Haven Moody, driving a Harley-Davidson machine, who negotiated the tricky slope in 11 seconds. The other contestants were Napoleon St. Galasia, Walter Woods and Daniel Agnar. Woods' time of 17 seconds won him second place. The timers and starters for the event were George H. Wood, Maurice Lambert, William Walsh and Charles J. Keys.

School children had sports of their own at the park, under the supervision of Donald R. MacIntyre and Joseph Duffy. There were push ball contests, ski races and basketball games that provided much enjoyment.

The horsemen looked over the surface of Foxiston street, where the trotting races were to have been held, and decided that it would not be safe to pilot their steeds over the heavily rutted thoroughfare and the racing program was declared off. There was some disappointment, but as no other street was available, there was nothing else to be done.

Shortly before 6 o'clock last night, there was a general movement towards the Auditorium, where dancing began at 8 o'clock and continued until midnight. A grand march was formed and Arthur Leaville of the Pollard Co. and Thomas J. Connors of the Pollard clothing Co. as judges, picked out the best couples and they were crowned king and queen to the satisfaction of the crowd was proved by the applause which followed the announcement.

During the dance Edward J. Conney, Lowell Ad club president, and George H. Wood, chairman of the general carnival committee, extended their heartiest thanks to the many organ-

ACTRESS SLAIN BY BURGLARS

Miss Louise Lawson Was Strangled to Death After Desperate Battle in Room

Found Bound to Bed Posts and Gagged—Gems Worth Several Thousand Missing

NEW YORK, Feb. 8.—Miss Louise Lawson, a young motion picture actress, was strangled to death today after a desperate battle with thieves in her fashionable apartment house in West 77th street. Gems valued at several thousand dollars are missing.

Miss Lawson, who was described as unusually attractive, had been taking minor parts in local film companies.

The actress' hands had been "spread-eagled" and tied to the bed posts with a dog leash. Miss Lawson's large Belgian police dog was found lying in a chair in another room of her apartment. Other tenants told the police they had heard no noise in the actress' apartment during the night, although her dog ordinarily raised an uproar at the presence of strangers.

The body was discovered by a negro maid who went to the apartment to prepare breakfast for the actress. Ten minutes after the maid had raised the alarm an automobile load of detectives were at the house with a physician, who pronounced the girl dead.

Police said the murder must have occurred after 8:30 o'clock this morning, as the tenant of an adjoining apartment said she had heard Miss Lawson's bell ring several times at that hour. To the girl's query, the caller replied that he was an expressman. The door was opened, the tenant said, and the caller apparently entered. Nothing more was heard.

The body was attired only in a nightgown. A pillow, the towel about the woman's head had been stuffed into her mouth and it had been fastened to the sides of her head with adhesive tape.

POINCARE QUILTS SESSION

Premier and Ministers, Exasperated by Attacks, Walked Out of Chamber

PARIS, Feb. 8. (By the Associated Press).—Premier Poincare, with all of the cabinet ministers, exasperated by the opposition's attacks, walked out of the chamber of deputies today. The session was immediately suspended.

The suspension of the sitting was moved in order to prevent the cabinet's departure being interpreted as meaning that the government would resign. The session was soon resumed and immediately voted the remainder of article one, empowering the government to effect economies by decree by vote of 352 against 182.

PLEADED GUILTY TO FUR STORE ROBBERY HERE

Upon arraignment in superior court yesterday, Joseph Barry, Alfred Mellor and Mary Duffy, who were concerned in the early-morning robbery at the Calise fur store in this city last December, pleaded guilty to breaking and entering and larceny and were scheduled to appear for sentence this afternoon. It is understood that the Duffy girl will be placed on probation. Mellor is now serving a year's time for having a gun in his possession when arrested in Stoneham after a sensational automobile ride from Lowell following the Calise break.

Implicated with Barry and Mellor in previous breaks of a similar nature are Fred Woodsworth and Edward McSorley of Cambridge, who were also arraigned and pleaded guilty yesterday.

Kyria Lonnarria, a colored tailor of Cambridge, is charged with being an accessory after the fact. He is alleged to have knowingly received goods stolen by the above-named defendants.

FIVE BELIEVED LOST WHEN ICE BRIDGE BROKE REACH SHORE

Floated for Hours on Drifting Ice and Cheated Death By Peculiar Accident—Awestricken Crowd Witnessed Remarkable Escape

QUÉBEC, Feb. 8.—All of the 20 persons whose lives were endangered yesterday by the breaking up of a mile-long ice bridge across the St. Lawrence river, escaped, the authorities said today. Five persons, who floated for hours on the drifting ice, and who were believed to have been lost, made shore in safety.

The five—three women and two men—were not definitely accounted for by the searchers until after 11 o'clock today. A peculiar accident was responsible for their salvation. The incoming tide sent the jagged block of ice on which they kept precariously footing upstream to a point where the St. Lawrence narrows and is spanned by the Quebec bridge.

The narrowed straits jammed the ice

together for a few brief minutes, and the quaking block jumped to the shore across the churning floes.

For hours their plight had seemed desperate to the awe-stricken crowds on shore who watched them float on their bobbing ice pan, beyond the reach of help.

Some of the spectators, more cool-headed than others, shouted advice to the five not to attempt the jump to safety, but to wait until the tide had carried the drift ice further upstream. And so they waited, for years, it seemed to them, huddled together on their narrow island of ice until the current edged the pan against the blocks that were piled in wild confusion inshore. Then, leaping from block to block, they gained the river bank.

G. O. P. MUST CLEAN HOUSE OR PEOPLE WILL

WASHINGTON, Feb. 8.—The republican party must clean house or the people will do it for them, Senator William W. Johnson, candidate for the republican nomination for president, declared in a statement issued today.

The senator characterized as "full of confusion and mystery" recent "mysterious and anonymous" assertions by Congressmen that the president already is virtually assured of more than enough convention votes to nominate.

"They follow the regular course of a Bourbon campaign to claim, all while putting every obstacle in the way of free expression or fair contest," he continued. "If there were any such feeling of security or any such certainty of success, it would not be necessary to steal delegates in the case of deny primaries in the north, like in Minnesota."

"These Bourbon republicans who control the republican machinery have a rude awakening before them and they may just as well make up their minds now as next June, that the republican party must clean house and if the republicans themselves do not clean their house and clean it thoroughly, the people will do it for them."

ARMY AIRPLANE CRASHED TO GROUND

GRAFTON, V. Va., Feb. 8.—An army airplane crashed near Cove Run, an isolated section of Barbour county, this morning, according to meagre reports reaching here.

This decision was reversed after a long committee session at which Frederick G. Bonfils, publisher of the Denver Post, related how his paper had begun an expose of the Tea Pot Dome situation months ago and then had stopped, and how representatives of a group of which he was a member had made an agreement under which Henry J. Sinclair was to make considerable financial concessions provided the claims of others to rights within the Tea Pot reserve were dropped. The same witness will continue his testimony tomorrow.

Appearing at his own request, he will explain fully his professional services with the Doheny oil companies.

Decision to hear the former secretary of the treasury in the Wilson administration was reached today by the committee, after Chairman Lenoir had read into the record a letter sent to him last night by Mr. McAdoo, asking for an immediate hearing. The chairman also read the letter of E. L. Doheny connecting his testimony as to the total fees paid to Mr. McAdoo, and Attorney General Daugherty's telegram of February 1, stating that the (Continued on Page 16)

APPEARS AT HIS OWN REQUEST

Former Secretary of Treasury Wm. G. McAdoo to Appear Before Committee

Oil Committee in Wrangle—Decide Not to Hear McAdoo Until Monday

WASHINGTON, Feb. 8.—After adding agreement among its members over the trend taken by the oil inquiry, the senate oil committee decided today to defer until Monday its examination of William G. McAdoo.

Previously it had been decided to permit the former treasury secretary to appear tomorrow in response to his request that he be given an opportunity to explain his connections with E. L. Doheny.

This decision was reversed after a long committee session at which Frederick G. Bonfils, publisher of the Denver Post, related how his paper had begun an expose of the Tea Pot Dome situation months ago and then had stopped, and how representatives of a group of which he was a member had made an agreement under which Henry J. FORD DISCUSSES OIL SCANDAL

Hints Connection Between Oil Interests and Our Attitude Toward Mexico

Statement Issued in Answer to Request That He Join in Urging Fair Deal for Denby

DETROIT, Feb. 8.—The senate committee investigating the Teapot Dome oil leases "might do well to look into the possibility of a connection between oil interests and our attitude toward the Mexican difficulty," Henry Ford said today in a statement.

Mr. Ford's statement, issued in answer to a request that he join hundreds of other Michigan citizens in urging a fair deal for Edward Denby, (Continued on Page 21)

U. S. WARSHIP ORDERED TO HONDURAS

WASHINGTON, Feb. 8.—The cruiser Rochester of the special service squadron, now at Colon, has been ordered to La Ceiba, Honduras, in response to an appeal to the state department from American residents who fear that revolutionary developments will jeopardize their interests.

No actual outbreak has been reported but Americans in Honduras believe the prospects for an amicable adjustment of the Honduras election trouble are not good and that fighting may break out at any time. State department officials say dispatch of the cruiser does not mean there has been a decision to intervene.

FIRST EXECUTION BY LETHAL GAS

Gee Jon, Chinese Tong Slayer, Goes to Death Today in Carson City, Nev. Prison

Death Sentence of Thomas Russel Commuted to Life Imprisonment

CARSON CITY, Nev., Feb. 8.—Gee Jon, Chinese Tong slayer, was put to death this morning in the first lethal gas execution in the history of the United States. Official physicians observing through a window of the stone death chamber, said that death ensued within six minutes and that it was painless.

Four minutes after the death lethal gas had been admitted into the chamber, Gee Jon was still alive, but did not appear to be suffering. Physicians expressed the opinion that he lapsed into unconsciousness instantly. At the end of six minutes physicians examining him through the window believed him dead.

Two men had been doomed to die in this execution, but the state board of prisons voted last night to commute to life imprisonment, the sentence of the other condemned man, Thomas Russell, an American born Mexican.

DEBATE IN THE HOUSE

On Amendment to Prohibit Issuance of Tax-Exempt Securities

WASHINGTON, Feb. 8.—The house today faced four more hours of debate on the constitutional amendment to prohibit the issuance of tax exempt securities preparatory to consideration of the new revenue bill ordered reported yesterday by the ways and means committee. The bill will be formally reported to the house next Monday.

Four hours of the eight allotted under a special rule for debate on the amendment resolution were completed yesterday with members of both parties vigorously attacking the measures on the grounds that it was an invasion of states rights. The resolution passed the house last year but was not voted upon in the senate and yesterday's attack left its proponents apprehensive of its adoption.

The amendment provides in effect that the federal government may tax state and municipal bonds and that states and cities likewise may tax federal securities. A two-thirds majority is necessary for passage.

With the revenue bill now up to the house, republican leaders are attempting to compromise the differences splitting their forces over the tariff laws of Secretary Mellon, which were approved by the committee.

DUDLEY LEE REFUSES TO SIGN CONTRACT

BOSTON, Feb. 8.—Dudley Lee's return to his contract with the Red Sox, which he had refused to sign, was announced today. "I'm not worrying about Lee at all," said the head of the Boston Americans today.

He expressed confidence that in due time the Denver shortstop whom the Red Sox bought from Tulsa of the Western League, would see the light and sign his contract. He declined to reveal the figures named in the document which Lee returned.

Pete Donohue Signs
CINCINNATI, Ohio, Feb. 8.—The signed contract of Pete Donohue, star right-hander of the Cincinnati National League ball team, has been received at club headquarters and the young Texan will report at Orlando with the other pitchers March 2.

All of the Red pitchers now are under contract with the exception of Jackie Day, who has not been heard from since he was purchased from the league. A contract mailed to his Vernon club of the Pacific Coast League. A contract mailed to his home at Wendell, N. C., some weeks ago, has not been returned. Other regulars who have not returned signed contracts are Ed Roush, Sammy Bohne and Lew Fonseca.

Detroit Players Seek Increase
DETROIT, Feb. 8.—Pitcher George Dauss, winner of 20 games for the Detroit American League team last season, and Fred Haney, utility infielder, have asked for an increase in salary before signing contracts this year, it became known here today.

RAYMOND CORCORAN WINS NEW YORK TRIP

Raymond Corcoran, of 16 Gold street, was the winner of the "Wonder Night" drawing at Associate hall last evening, he being the fifth one selected to make up the party of fifteen which is to be escorted to New York next month at the expense of the hall management. The name was drawn by Miss Catherine Reed.

The remaining ten members will be drawn on various nights during the contest. The rules insist that the holder of the coupon drawn from the glass jar must be in the hall if not a second name will be pulled out.

Tickets will be given to all those who attend tomorrow night, making them eligible to participate in next Monday night's drawing.

LEG FRACTURED ON TOBOGGAN SLIDE
Frank Burke, aged 14 years, of 10 Crane's avenue, received a broken leg last night when he was struck by a toboggan in the toboggan slide at Fort Hill park, during the winter carnival sports program. He was removed to the Corporation hospital, where it is reported today he is resting comfortably. According to witnesses of the accident, the Burke boy was riding down the slide on a toboggan and fell off. Before he could get out of the slide another toboggan came down and struck him, throwing him a considerable distance.

FIGHTING IS REPORTED IN HONDURAS

SAN SALVADOR, Republic of Salvador, Feb. 8.—Fighting is reported in Honduras, following the presidential election deadlock and the announcement that President Gutierrez would continue in office.

According to advices received by way of Annapolis, Honduran government troops defeated revolutionary forces at San Pedro, in Sula, northern Honduras. The rebel leader Jacobo Munzila was wounded.

General Carino, one of the three unsuccessful candidates who proclaimed himself head of the government, is reported to be at the Nicaraguan frontier with the revolutionary army.

The Guatemalan government has extended de facto recognition to the government of President Gutierrez.

WASHINGTON AND LINCOLN ANNIVERSARIES

February, the month of presidents, containing the birthday anniversaries of Washington and Lincoln, will be observed in the public schools of the city with appropriate exercises when particular attention will be given to the names of Washington, Lincoln, Roosevelt, Harding and Wilson. These men are closely linked with the nation's history and perhaps stand out prominently in the long list of those who have served the nation in the office of chief executive.

In a statement given out today, Superintendent of Schools Hugh J. Molloy said: "February, the shortest month of the year, essentially is presidents' month, containing the birthday anniversaries of Washington and Lincoln. It is impossible to overestimate the debt which modern civil government and popular institutions owe to these two men, one of whom more than any other man or group of men the founder of the republic, the other of whom was more than any other man or group of men the preserver of the Union."

"It is the hope and desire of the superintendent of schools that all schools in the city will consider during the month with respect and gratitude the debt we owe to our great presidents and in giving attention to this matter, particular attention will be paid the names of Washington, Lincoln, Roosevelt, Harding and Wilson."

BISHOP MURRAY ASSISTS AT MASS FOR PRIEST

BRIDGEMOUNT, Conn., Feb. 8.—(It. Rev. John G. Murray, auxiliary bishop of the Hartford diocese, celebrated a pontifical high mass of requiem at St. Joseph's church today, for Rev. Father Hubert Dahm, the pastor, who was slain by an unknown man on the street, last Monday night.

One hundred police in civilian clothes scrutinized the crowds in attendance which overflowed the basement of the new church where services were held, hundreds standing in the street. In the church, behind a screen stood Ralph Cossutta, lay eyewitness of the shooting, waiting with a detective those who were in the assemblage. Still without a clue to the murderer's identity, the police hoped some one might emotionally betray some knowledge of the murder.

The service passed without adding to the police knowledge of the crime. Assisting Bishop Murray were a number of priests of the diocese and Rev. J. J. Fitzgerald of Westbury, N. Y.

GANDHI REGRETS HIS RELEASE FROM PRISON

BOMBAY, Feb. 8 (by the Associated Press).—The Indian nationalist "Mahatma," Mohandas Gandhi, has written to the president of the national congress, Mohammed Ali, expressing regret that the Bombay government released him from prison, owing to illness, because he does not regard the illness of a prisoner as affording grounds for liberation.

Moreover, Gandhi says, his release has not brought him relief because he is overwhelmed with a sense of the responsibility which he is now not fit to discharge. He declares that the national problems are more perplexing today than when he was in prison, owing to the deplorable disunion of the Hindus and Mussulmans, and he appeals for cessation of the mutual distrust and the promotion of unity.

SEC. MELLON REPLIES TO BOND DISPUTE CHARGES

WASHINGTON, Feb. 8.—Secretary Mellon, answering another of the series of charges made in the general bond duplication controversy, by Charles B. Broder, department of justice attorney, declared today the difference in type and style of numbers on some bonds was due to addition of new numbering machines in the bureau of engraving equipment during the war. When the great rush of bond issues forced the bureau during the year to expand its equipment suddenly, new machines had to be purchased quickly and the treasury was unable to obtain machines of the same construction as those in use.

ITALIAN CATHOLIC PARTY FACES CRISIS

ROME, Feb. 8.—On the eve of the election, the Italian Catholic party led by Don Luigi Sturzo, is going through its greatest crisis since its foundation. Filippo Meda, former secretary of the treasury, one of its leading members, refuses to be included in the party list. If the ex-traitor element headed by Deputy Miglioli is kept in the party, Signors Altani, Longinotti and Mellioli, all members of the former cabinets, take the same view as Signor Meda. Simultaneously those members who had already seceded from the party when Don Luigi took his stand against the present electoral law advocated by Premier Mussolini, seem to be gaining ground.

Their party, called the national union, is especially strong in northern Italy, where its present candidates are openly favorable to the Fascist government. This party already includes many of the best known names of the Catholic aristocracy and middle class.

PARENT-TEACHER ASSOCIATION

The February meeting of the Bartlett school Parent-Teacher association was held last evening in the school hall with a large attendance. An attractive program of music and readings was given by Miss Grace Moran, soprano, and Miss Mary Casey, alto. The greeting to the parents was given by Miss Charlotte Murkland, principal of the school.

Police Chief Charged With Dry Law Violation

(Continued)

of the matter today, said that the federal agents have been watching Salisbury bench for many months because it was believed that the headquarters of one of the local bootlegging rings in New England was located there. The raid on the morning of January 24 followed this investigation and resulted in the arrest of Joseph Zenler, Thomas Leary, Samuel Elving, John Horgan, Steve Zeula and William Lampers after a gun fight in which Zeula and Federal Agent England of Maine were injured by bullets.

The raid, however, according to Agent Sullivan, did not end the investigation at the bench and the complaints against the chief of the Salisbury police and the other two men were brought on evidence alleged to have been secured by federal agents that connects the police officials of the town with the six men previously arrested.

Upon his appointment as supervising agent, Walter Sullivan began a drive against rum-running and bootlegging in Salisbury. He said, "I was one of the wide-open places in New England and where it has been said 'hooze is easy to get.'"

Whether any further arrests in connection with this raid are contemplated could not be learned today, but it is believed by Agent Sullivan that the biggest rum-running ring working from the bench has been successfully broken up.

The three men for whom warrants have been issued will be brought before United States Commissioner Walsh in his office in this city Monday. It is expected, and will be held for a hearing Thursday, February 14, the same day on which the six arrested in the raid January 24 will be arraigned for a hearing.

NINE YANKEES TO TAKE BATH TREATMENT

NEW YORK, Feb. 8.—Manager Miller Huggins of the Yankees has sent letters to nine members of the team requesting them to be prepared to take the bath treatment at Hot Springs, Ark., on Feb. 28, it became known today. The players were reminded that they would be expected at the main New Orleans camp on Mar. 9.

Those on the Hot Springs roster are Babe Ruth, Joe Judge, Herb Pennock, Joe Bush, Bob Shawkey, Wally Schang, Walter Hoge, Everett Scott and Sam Jones. If Dugan's physicians advise against the course of baths as treatment for his injured knee, he will not report at New Orleans until Mar. 9.

McManus a Holdout
ST. LOUIS, Feb. 8.—Business Manager Bill Friel of the St. Louis Browns, when questioned in regard to the holdout of Marty McManus, the only Brownie holdout, said yesterday he had heard nothing further from the second sacker since a letter received from McManus in which his intended contract was enclosed and the statement made

That Hang-on Cough Must Go

Home Made Cough Mixture Best of all for the Cough That Sticks

Make It Yourself In Two Minutes

The coughing season is on and every home should have a supply of the best remedy to be had, and as you can make this extremely excellent cough mixture yourself, why pay high prices for the common kind.

Get from any drugist one ounce of Parmit (double strength)—to this add a little granulated sugar and enough water to make one half pint—thats all there is to it.

Then when any member of the family starts coughing or catches cold in chest or head, or has acute catarrh, you are prepared as you should be.

And the children love to take it. With speed almost beyond belief this home made cough mixture stops the toughest hang-on cough, and all because in it there is a substance (too easily for ordinary cough syrups) that immediately covers the membrane like a soothing, healing poultice, and blessed relief comes at once.

And you should also bear in mind that any remedy that overcomes catarrh, partially or wholly, is bound to be of benefit to those who are troubled with head noises and external deafness.

Get Parmit and get better.—Adv.

FLUSH THE KIDNEYS BEFORE BREAKFAST

Drink Lots of Water, Also Take a Little Salts if Back Hurts

No man or woman can make a mistake by flushing the kidneys occasionally, says a well-known authority. Having too much rich food, created acids, which excite the kidneys. They become overworked and fail to filter the waste and poisons from the blood. Then we get sick, rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders often come from sluggish kidneys.

The moment you feel a pain in the kidneys, or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular in passage, or attended by a sensation of burning, begin drinking a quart of water each day, also eat about four ounces of salt from any pharmacy, take a teaspoonful in a glass of water before breakfast, and in a few days your kidneys may not hurt.

This famous salt is made from the acid of grapes and lemon juice, combined with lithium, and has been used for years to flush and stimulate the kidneys; also to help neutralize the acids in the system, so they no longer cause irritation, thus often relieving bladder weakness.

Just Salts is inexpensive; makes a delightful effervescent lithium-water drink which everyone should take now and then to help keep the kidneys clean and active and the blood pure. It is a tonic for the entire system, and is a powerful purifier. By all means have your physician examine your kidneys at least twice a year.—Adv.

Piles

Can't Be Cured From the Outside. External treatments seldom cure piles. The cause is inside—bad circulation. The blood is stagnant, the veins flabby. The lower walls are weak, the parts almost dead.

To quickly and safely rid yourself of piles you must first get the circulation—send a fresh current through your blood vessels. Internal treatment is the safe method. Ointments and cutting won't do it.

A. S. Leonard, M. D., a specialist, set at work some years ago to find a real internal remedy for piles. He succeeded. He named his prescription HEM-ROID, and tried it in many cases before he was satisfied. Now HEM-ROID is sold by druggists everywhere under guarantee. It is a harmless tablet, easy to take, and can always be found at Green's Drug Store, which will gladly refund the purchase price to any dissatisfied customer.—Adv.

VITAL FACTS FOR WOMEN

Scarcely or later almost every woman is brought face to face with the fact that she is a victim of some weakness or ailment peculiar to her sex. It may be the young woman suffering from pain or irregularities, a mother who has brought on some weakness or displacement from overwork, or the middle aged woman passing through the most critical period of her life. For each of these trying periods Lydia E. Pinkham's Vegetable Compound has proved the greatest boon ever given to women, and there are women living in every town and city in the country who testify to its value.—Adv.

NO DEFINITE DATE FOR HIGH SCHOOL PLAY

No definite date has been set for the presentation of the play, "The Boom-Boom," by the Lowell high school pupils, which was postponed on account of the fire which broke out in the building adjacent to the Lowell Opera House on Monday last during the matinee performance. Members of the faculty connected with this department of the school work are considering every possible location, but as yet have found no place sufficiently satisfactory in which they may give the play.

Unfortunately, the acoustic properties of the Cyrus Irish Memorial Auditorium in the school building proper are so poor that it is impossible for the voices of the actors to reach the audience clearly and in sections of the orchestra and balcony nothing but a confused jumble of sounds can be heard. There is apparently no method of remedying this condition without the outlay of considerable money, after a study of the conditions by experts. The heating plant of the Opera House was so badly injured during the fire that if the performance were to be given there the folks in the audience would be compelled to wear coats, hats and gloves to keep warm.

An alternative which has been suggested is that the play be given in the Academy of Music in Dutton street, but in case this were done at least four performances would be necessary to accommodate the holders of tickets, the capacity of the Dutton street hall only amounting to 700.

DEFENDANT IN LIQUOR CASE DISCHARGED

Solomon Vrobas of this city, charged with the liquor violation of intoxicating liquor, was discharged by U. S. Commissioner H. B. Walsh this morning for lack of evidence. This case has been before the commissioner for some time and the hearing was completed last Wednesday, following which Mr. Walsh reserved decision until today.

At Wednesday's hearing Atty. Gen. Togo, representing Vrobas, brought out several points of law, and Commissioner Walsh said this morning that only one of these questions was still involved in his mind, that of whether the defendant actually transported liquor. Captain Palmer of the local liquor squad was called to settle a matter in dispute as to the contents of the truck from which it is alleged Vrobas carried a case of so-called "unintended liquor." After hearing Capt. Palmer's testimony the defendant was ordered discharged.

Harry Goddard of Wilmington, who was arraigned on a charge of illegal sale Wednesday and probable cause found, appeared in court this morning to arrange bail, he having been out on his own recognizance since Wednesday.

ENTERTAINMENT IN COLONIAL HALL

"Getting Acquainted With Madge" was the title of the three-act comedy given last evening under the auspices of the local C. E. Northfield Club in Colonial hall before a large audience. The proceeds of the play will be donated to the summer conference fund of the organization. Miss Ethel C. Baskin, who coached the players is responsible for the success of last evening's performance. The club committee in charge of the play was composed of Miss Frances Graves, chairman; Norma Olsen, Ruth Bishop and Cecil Gardner. The cast of characters follows:

Arthur Tilden, student at Braxton; Aunt Maudie, Arthur's aunt from Montana; Muriel Anderson, Mrs. Alfreda Ridgeway, the doctor's wife; Elmer, Elmer's father; Elmer, the daughter; Elmer's Shaw; Jerry Saunders, Madge's cousin; Dorothy Adams; Harry Neville, Frank Carter, Harold Graham, Sam Forthright, students at Braxton; Forrest Varney, Nathaniel Trub, Amor Fleming, Herbert Galt; Dr. Ormsby Ridgeway, Madge's father; Elton Fur; Lizzie, the Ridgeway's maid.

Proprietor for the production was furnished through the courtesy of the Thompson Hardware Co., Robertson Furniture Co. and L. A. Dwyer Co. The social committee of the club had

GIRLS PLAN ANNUAL REGIMENTAL BALL

The girl officers of the Lowell high school have gotten down to work in earnest for the annual regimental ball, which is to be given in Colonial hall next Friday, the 8th. Every day this coming week rehearsals will be held in the grand gym and the girls of the various battalions are decorating the hall and making all the necessary arrangements under their respective majors. The work has been divided up as follows: First battalion, Sally Mason, major, invitations and decorations; second battalion, Genevieve Chastain, major, decorations; third battalion, Elvira Hall, major, refreshments; fourth battalion, Helen Boardman, major, music. The general type of the party will be in keeping with Valentine day and the decorations will be a color scheme of red and white, with plenty of hearts and other novelty. The general direction of the affair is in the hands of Miss Frances Graves, first physical director.

SEEKS REINSTATEMENT

Street Department Employee
Wants to Know Why He
Was Laid Off

Michael B. Kelly, an employee of the water works and street departments of the city for the past 19 years, and who was laid off early this week, appeared before the public service board at its regular meeting yesterday afternoon seeking reinstatement and charged that his lay-off was due solely to politics. On request of Mr. Kelly a hearing was set for next Thursday afternoon at 4:30 o'clock, at which time he said he would have witnesses to substantiate his charges.

Chairman Murphy of the board criticized the method of snow removal in Belvidere and said that many streets had not been cleared up to yesterday morning. Snow removal is under the charge of Supt. Doherty of the street department and he replied that a trucking concern was supposed to clear Belvidere streets but had failed to do so and he had been compelled to send his own men into that district to open up the streets.

The meeting was called to order at 3:30 o'clock with all members present. The following monthly bills were approved: Street maintenance, \$447.79; sewer construction, \$264.72; sewer maintenance, \$163.31; ash and waste collection, \$355.11; street cleaning, \$15.10; street lighting, \$11,655.76; paving, \$221.48; first st. extension, \$7.85; transfer, \$895.17; engineering, \$114.79; bridges, \$404.40; water works department, \$6706.66.

The matter of the construction of granite sidewalks was next taken under consideration and the board went on record as follows: "On and after this date the city of Lowell will not pay the half cost of any granite sidewalks without a hearing before the board of public service."

A number of petitions for street lighting and street repair were referred to the engineer and for view.

A communication from the inspector of buildings was read asking that an engineer be assigned to assist the buildings department in enforcing the building law. The matter was referred to the city engineer with instructions to assign a member of his force to the buildings department.

A communication from the city auditor in regard to several bills was referred to the superintendent of streets.

A communication from the grievance board of the Municipal Employees union asking for a hearing was read and the hearing was set for next Tuesday evening at 9 o'clock.

A communication from the Saco-Lowell shops with a bill against the city for \$2685, one-half the cost of constructing the granite sidewalk on Dutton street in front of the new building, was read. In accordance with the motion passed earlier in the meeting the Saco-Lowell Shops was granted leave to withdraw.

City Engineer Kearney reported that the estimated cost of building a road-way and sidewalks on Clark road is \$10,000. Action upon this matter was deferred until the next meeting.

Michael Kelly's Case
Michael J. Kelly appeared before the board and asked for a preliminary

hearing concerning his recent lay-off. He was granted his request and told of his service in the water works and street department as a teamster in 1914. He entered the employ of the street department as a teamster, in 1914, transferring from the water works department. He said he worked steadily from the time to 1918; when he received a broken arm while at work. After several months' lay-off due to his injury he returned to work and worked steadily until 1922, when his team was in collision with an automobile and he received injuries that permanently disabled him as a teamster. He was put at work following his recovery as a tool boy. In July he was ordered to return to work as a teamster, but refused because, he said, he was unable to do the work. He then returned to work as a tool boy and was laid off the week before Christmas. The first of this year he was granted his vacation and returned to work a week ago last Tuesday. Within a few days of this time he was laid off. He asked why the superintendent changed his mind within a few days. Mr. Doherty said in reply that there was no further need of a tool boy. Kelly then said that in addition to his work as a tool boy he had been caring for an engine also.

"What changed your attitude in three or four days?" asked Mr. Kelly, and added before receiving an answer: "Were you called to an office in city hall recently concerning an argument in a club?"

Mr. Doherty refused to answer this question and Mr. Kelly asked him if Mr. Garrity was laid off for the same reason.

"Did you give orders last July for me to report back to my team?" Mr. Kelly asked. Mr. Doherty said he could not remember definitely. Mr. Kelly then said that Mr. Doherty told him at that time that "some one in charge didn't like me and wanted me transferred to the team."

Mr. Doherty made a general denial of Mr. Kelly's charges and Mr. Kelly asked for a hearing, saying that he could bring witnesses to testify to the truth of his statements. The hearing was set for next Thursday at 4:30 p. m.

City Ledger Repairs
John R. Blessington appeared before the board relative to repairs at the city ledge and said he could make all repairs necessary for about \$500. On motion

of Mr. Henry he was given permission to expend not more than \$500 on this work.

The remainder of the meeting was given over to a discussion on snow-removing and Supt. Doherty was requested to find out the cost of hiring private parties to do the sidewalk plowing in the suburbs of the city. He was also instructed to purchase several new type sidewalk plows for use in clearing off bridges throughout the city.

The meeting adjourned at 5:50 o'clock.

MEDLEY RELAY

PHILADELPHIA, Feb. 8.—Cambridge university of England has decided to compete in the spring medley relay, the two mile relay and the two mile international race at the University of Pennsylvania relay carnival on April 25 and 26. It was announced today. Pokes, winner of the Oxford-Cambridge dual cross country meet last fall, probably will be chosen to carry the Cambridge colors in the two mile international.

The English athletes plan to leave Southampton April 12 in order to have a week or so of work in this country before the carnival.

ONE DOLLAR

FOR QUICK SELLING

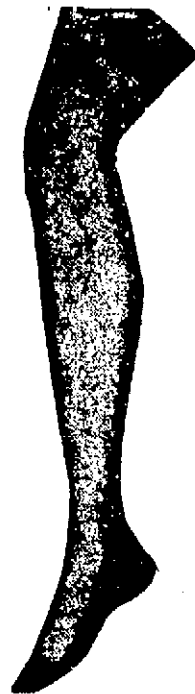

These silk stockings are high grade "irregulars" of a nationally advertised brand. The quality, the fine full fashioned weave, the reinforcements, the garter proof mercerized cotton top, all are to be found in these stockings. At nearly one-half what you would ordinarily pay. The slight imperfections which make such a startling price possible need not interfere with the wearing qualities and appearance of the stockings. Certainly the remarkable fact of buying two pairs at practically the price of one overshadows any small blemish which has caused so tremendous a value.

JURY PAY RAISE PLAN EXPENSIVE ONE

The increases in compensation and travel pay for jurors, now under consideration by the state legislature, if granted as suggested would mean an increased cost of about fifty per cent, or approximately \$54,000 to Middlesex county. This statement emanates from the county commissioners who in a letter to legislators of this county say in part:

"Without entering into the merits of the question we desire to present the following facts. In 1922 Middlesex county expended for jurors \$51,081.84 in the civil courts and \$15,366.04 in the criminal courts, a total of \$107,297.88. Owing to increased sessions the costs will be materially increased in the future even though their pay remains as at present. In the whole commonwealth the increased expenses would amount to substantially \$300,000. "Having in mind that the expenses of our superior courts in Middlesex have increased from \$139,333.34 in 1917 to \$257,352.87 in 1922, your county commissioners deem it their duty to present these figures for your consideration."

The communications, mailed from Cambridge on Feb. 6, are signed by Chairman Alfred L. Cutting, Erson L. Barlow and Walter C. Wardwell.

ELISIE JANIS SURE OF BIG AUDIENCE

Augmenting her achievements in the American theatre, Miss Janis, nationally known comedienne and musical comedy star, is now engaged in her first concert tour, appearing under the same auspices that direct the professional activities of the world's greatest artists. Miss Janis—whose season will embrace all the principal cities—will appear here on next Thursday night at the Auditorium under Y.M.C.A. auspices. Just back from Europe, a trip that combined singing and playing two or three engagements on the other side, Miss Janis found herself confronted with the problem of going to one of several musical comedies season, one under the management of Charles Dillingham, or taking concert engagements—an entirely new endeavor.

The prospect of playing to and winning new audiences (the assumption being that music lovers neither attend nor interest themselves in the so-called legitimate theatre) appealed to Miss Janis, and as a result, musical comedy just one of its greatest personalities—at least for a season.

The popular International star, which she is in fact—being just as great a favorite in both London and Paris as she is in this country—will have in her company consisting of a pianist, a tenor and a violinist. Her program includes her famous imitations, character songs, and costume dances—a field of entertainment in which no one in this or any other country has ever approached her artistic ability. Steinert is handling the advance ticket sales.

FAVOR PARTY AT THE KASINO TONIGHT

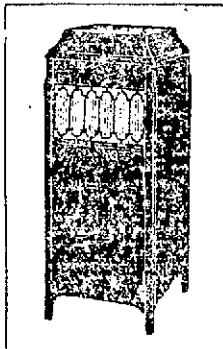

Tonight at the Kasino, the much-talked-of favor party will be held. All kinds of fantastic hats, caps and noise-making devices have been imported by the management for the occasion and a royal good time is assured. Males and females will find in this party barrels of fun of the copy-righted Kasino variety. A feature of the occasion will be the presence of the Lowell Cadet band which will dispense music of the latest sort. This famous band is in attendance at the Kasino every Monday, Wednesday and Saturday nights. A special program of syncopated tunes has been prepared for presentation this evening. Patrons may well go prepared for an evening of the rarest kind of fun.

INTERESTING TALK ON LOVE AND MARRIAGE

Hundreds of women listened to an interesting talk on "Love and Marriage" given by Victoria B. Deane, in the Memorial Auditorium, yesterday afternoon. Speaking of the great dignity bestowed upon woman she said: "Every woman is born into the world with a wonderful gift, the gift of her womanhood. There are wonderful powers cradled up in womanhood. We are responsible to God, to man and to the child for the use we make of these powers. The more gifts we have the more answerable we are to God and to humanity."

"Woman has been down through the ages the devil's chief asset. He has exploited her to the utmost. The woman comes to the front everywhere, especially when it is a matter of psychological influence. It is time the church opened its doors to woman that she may use all her powers in the service of God and the salvation of humanity."

"I have seen a woman send a man to the devil with one look in her eyes. She begins to be conscious of her power when she is 41 years of age. Remember, girls, it is nothing to be proud or shy about. These powers you are exploiting are the greatest powers of the universe."

"The moment woman loses man's respect, that moment the nation begins to fall. Therefore woman should consider before she cheapens herself."

Speaking of France as it is known, the most immoral country in the world, Mrs. Deane mentioned that she was born in France, although she is an American and married an American. "I want to tell you that the line is clearly drawn in France, between the good woman and the other kind, and in some of our American girls were to point up and walk around the streets in Paris as they do here, they would be stamped as bad. And those girls are daughters of your very best families."

The sin of the first year her next topic and she emphatically denounced the first branding her not a woman, but a hard, cruel caricature of a woman. She described the modern dance as the breaking down of barriers, a degradation to womanhood.

Speaking of the duties of mother and father, she said that she was tired of hearing "Mother, mother!" and believed it was high time to hear "Father, father!" "We have gone so far in talking about mothers, that fathers wash their hands of the whole responsibility and leave it all for the woman to do. The father needs to wake to his responsibility."

"Don't be quitter," said Mrs. Deane in speaking of divorce. "Remember, the only justification for divorce is the soul of the child. One of the main causes of divorce is refusing to have children. Without children marriage gets mighty stale. There is nothing to keep the married flame burning on the altar, like the patting of children's feet and their arms around your neck."

"I would rather be the wife of a drunkard who had 15 children by him than be the woman who was a quitter and coward."

SAN CARLO OPERA CO. CARRIES MANY EXTRAS

A casual analysis of the personnel embraced in the San Carlo Grand Opera Co., which comes to the Memorial Auditorium for one performance of "Madame Butterfly," on Monday evening,

Feb. 13, discloses one of the many reasons why opera is so costly to the producer and why its mention conjures in the mind glimpses of fabulous figures. Every important role in the repertoire is provided with from three to a half-dozen artists. For instance there are that many sopranos, tenors and baritone as a form of insurance against

the coughs, colds and other trivial ailments that afflict songbirds and therefore spell disappointment for opera fans. Nothing short of a wholesale epidemic could disturb the schedule once it is established, but this sort of insurance costs money and lots of it.

Seats are now on sale at Chaffoux's for the Lowell performance.

ENJOYABLE WHIST PARTY

An enjoyable whist party under the auspices of the Y.M.C.A. was held Tuesday evening at 81 Lincoln street. The home was prettily decorated with blue and white. The first prize, a box of Madeline linen handkerchiefs, was awarded Miss Rose Brown. The second prize, a bottle of perfume, was won by Mrs. H. Travis. Refreshments

were served by the hostess, assisted by Miss Sadie Cohen. Vocal renditions were also on the program in which Mrs. N. Cohen was the soloist, the entire party joining in the choruses. General dancing then followed and was enjoyed to a late hour.

OLD LADIES' HOME

The regular monthly meeting of the

Board of Patrons of the Old Ladies' Home was held yesterday afternoon at the home in Fletcher street, with Mrs. M. A. Rawlinson presiding. Reports for the past two months were read by the committees on religious, visiting, clothing and admission activities, after which the members of the board visited with the old ladies who reside there.

SOLDIERS' STILL GUARD TOMB OF WILSON

WASHINGTON, Feb. 8.—The crowds which have been passing through Bethlehem chapel at the cathedral where Woodrow Wilson was entombed, Wednesday, today gave no indication of diminishing. Despite the cold weather, they began gathering early today, and by 9 o'clock had overflowed the streets and tied up traffic.

The flowers sent to the chapel as tributes to Mr. Wilson will be left there until they are faded. The war department has given orders that the soldier guard shall remain for an indefinite period.

KILLER ON RAILROAD CROSSING
FARMINGTON, Me., Feb. 8.—William A. Cready was killed and James G. Cummings was on the danger list at the Gardiner General hospital as the result of a railroad crossing accident here today.

The two men were coming from their homes in Hallowell to their work in the power house of the Central Maine Power Co. when the closed automobile in which they were riding, was struck by the morning passenger train to Portland, from Waterville on the Maine Central railroad. Both were married.

Alkali in Shampoos Bad For Washing Hair

Many soaps and prepared shampoos contain too much free alkali, which is very injurious, as it dries the scalp and makes the hair brittle. The best thing to use is Mulished coconut oil shampoo, for this is pure and entirely greaseless. It is inexpensive and beats anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Two or three treatments is all that is required. Simply moisten your hair with water and rub it in. It makes an abundance of rich, creamy lather, which cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and in soft, fresh looking, bright, fluffy, wavy and easy to manage. Besides, it loosens and takes out every particle of dust, dirt and dandruff.—Adv.

ROME, Feb. 8.—Normal relations exist between Italy and Russia today for the first time since the overthrow of the Czarist regime. De jure recognition of the Soviet government in Moscow was extended simultaneously with the signing here yesterday of a commercial treaty between the two countries, and it was announced that an ambassador to Moscow would immediately be appointed.

FREED OF CHARGE OF KIDNAPPING

NEWPORT, Feb. 8.—District Judge Levy in discharging J. H. Silverman of Providence today said that he could not adjudge the man guilty of kidnapping, the charge upon which he was arrested in December last, because of the peculiar wording of the Rhode Island statutes. The arrest followed the complaint to the authorities by William Beattie of this city that he had been kidnapped on the street here late at night, taken to an undertaker's establishment in Pawtucket and questioned about the disposal of a large quantity of liquor which had been stolen from a truck.

SUIT TO RECOVER INCOME TAXES

BOSTON, Feb. 8.—Trial was begun in the federal district court today of a suit brought by Maxwell Norman of Newport, R. I., wealthy clubman, polo player, and his brother, Bradford Norman, to recover income taxes for 1915 paid under protest to the state of Massachusetts. The state assessed \$492 taxes for that year upon the brothers as trustees of the estate of their father, George H. Norman. They seek to recover this amount with interest.

Maxwell Norman testified that although he owned five estates in Massachusetts, including a house in the Back Bay district of Boston, he and his brother always had maintained their residence in Newport and voted there. He had bought his country estate in Hamilton, he said, in order to be near the Myopia Hunt club during the polo season.

It was brought out that the estate had its main office in Newport and maintained a branch office at a hotel in this city.

TO EXAMINE DUNDEE

NEW YORK, Feb. 8.—The State Athletic commission today ordered an examination of Johnny Dundee, featherweight, and junior lightweight champion to determine whether a rule injury to his hand was sufficient to prevent fulfillment of an agreement to box Jose Lombardo in Panama, Feb. 22. This action was taken at the request of Panama boxing authorities who protested indefinite postponement of the bout by J. J. Johnston, Dundee's manager.

HIST OF WASHINGTON

Houdon came to this country in 1785 under commission from congress to make a statue of Washington.

SAYS RUSSIA NEEDS CZAR

Grand Duke Cyril Convinced
Bolshevik Regime Cannot
Last Much Longer

NICE, France, Feb. 8.—Grand Duke Cyril, claimant of the Russian throne, is convinced that the Bolshevik regime cannot last much longer, now that "the movement of revolt is already beginning to gather way" and he is ready to return should a genuine desire be expressed for him to do so, according to an interview with a representative of L'Espresso in Nice.

The peasants and workmen are tired of undergoing perpetual hardships, the grand duke said. He was persuaded that a czar, avoiding the blunders of his predecessors, would now have a good chance of regenerating the country and making Russia a power worthy of the traditions of the past.

FESS LAUDS MELLON

Places Him in Rank With
Greatest Leaders in Science
and Art of Finance

ATLANTIC CITY, N. J., Feb. 8.—A tribute to Secretary Mellon, placing him in rank with the greatest leaders in science and art of finance of any country, was paid last evening by Senator Simon D. Fess of Ohio, who spoke at the 40th annual banquet of the International Association of Master House Painters and Decorators, being held here.

"Secretary Mellon's plan is economically sound," the senator said. "His distinction between earned and unearned incomes is a sound principle and should be followed. His observations upon the withdrawal of tax production of capital seeking protection from confiscatory taxation in tax exempt securities are fortified by facts."

"His contention that lower taxes will be reflected in a lower scale of living costs is justified in that stimulation of business in an increased production will, under the law of supply and demand, be felt in a lower price scale."

MARKED INCREASE IN DRUNKENNESS

ALBANY, N. Y., Feb. 8.—Insufficient enforcement of laws against the sale of intoxicating liquor is responsible for a marked increase in arrests for drunkenness in the city of Buffalo during the past year, the state commission of prisons asserts in a report made public today.

Appears at His Own Request

(Continued)

Department of Justice never was called upon to pass on the oil leases. All of these communications previously have been published.

James O. Lewis, one of the geologists employed by the committee in investigating conditions at Tea Pot Dome, protested in a memorandum read to the committee against suggestions which he said had been made by Senator Walsh, democrat, Montana. He insisted that when he accepted employment by the committee his "mind was open" with regard to the matters under investigation and that he was free of prejudice which would have disqualified him from undertaking the work.

Frederick G. Bonfils, publisher of the Denver Post, appeared as a voluntary witness to tell of his efforts to assist Leo Stack to enforce a contract Stack had with the Mid-West and other oil companies supposed to own acreage in the Tea Pot Dome reserve before it was leased to Harry F. Sinclair by former Secretary Fall.

"Mr. Stack claimed they had leased over his head," said Mr. Bonfils. "I entered into a contract with him to help him to enforce his rights. The agreement was that Mr. Stack was to get the first \$50,000, and the remainder was to be divided 46 2/3 per cent to Mr. Stack, 23 1/3 per cent to me, 23 1/3 per cent to my partner and 7 1/3 per cent to my attorney, H. H. Schwartz."

There were rumors about the Sinclair lease, the witness continued, which led him to send a reporter, Mr. Stack, elback, to New Mexico, to investigate.

"He brought back a shocking and astounding story," Mr. Bonfils said.

"It was one we hesitated to believe. He was sent back to make further inquiry, and was cautioned not to reveal his identity, because there might be great danger of bodily harm to him."

The witness said that after Stackelback returned, it was decided to publish a series of articles in the Post. The first appeared on Aug. 15, 1922, and copies were sent to members of congress. The base was attacked "by analysis and theory" he continued, and later Senator La Follette, republican, Wisconsin, introduced his resolution calling for an inquiry.

Mr. Bonfils said J. W. Zaverty, personal counsel to Mr. Sinclair, called on him in Denver, to discuss the matter, and finally invited the witness, his partner, Stack and Schwartz, to go to New York to see Sinclair.

"When we arrived there," he said, "Mr. Sinclair said rather brusquely that he did not know why we came to see him; that our suit was against the mid-west and allied companies."

"You had filed suit then?" asked Senator Walsh.

"Oh, yes, suit had been started against the Mid-West," was the reply.

Mr. Bonfils told the committee that subsequently there was a meeting at Kansas City, at which a contract was drawn. Under this the Sinclair interests were to pay \$350,000 for the Stackelback lease, 320 acres in the Tea Pot Dome oil reserve. This money actually was paid over by the Sinclair people, Mr. Bonfils said.

Under the agreement, the witness said, the Sinclair Oil Co. was bound within 15 months which will expire March 15, next, to repurchase the 320 acres at a cost of \$750,000 if the holders desired to sell.

E. L. Doheny had been much interested in Stack's efforts to obtain the Tea Pot Dome lease, Mr. Bonfils said, but had suddenly for some unknown reason, withdrawn.

Mr. Bonfils explained how the \$250,000 paid by Sinclair had been divided between him and his partners.

The suits he and Stack had instituted, he said, to assert rights they claimed in the Salt Creek field were settled by the agreement, which Sinclair had made with them in the name of the Mammoth Oil Corporation.

The Sinclair interests wanted to clear up all dispute of title oil in connection with the granting to them of the Tea Pot Dome lease by fall. Sinclair had testified that he expended in this connection about \$1,000,000.

Mr. Bonfils said that Doheny, while interested in the Stack claims estimated that "Mr. Stack's leases with the Mid-West and other companies at lowest value was worth from \$5,000,000 to \$17,500,000."

Mr. Doheny had based his estimate, Mr. Bonfils said, upon the reports of the geologists who had examined Tea Pot Dome reserve.

The witness told the committee that

he had never seen Mr. Fall.

"Didn't you go to Alaska with him in 1922?" asked Senator Walsh.

"No, I went to Alaska with President Harding. Secretary Work was on that trip, as were Secretaries Wallace and Hoover."

The publisher explained in reply to further questions that at the invitation of Secretary Doheny, he now was on his way to board the naval transport Henderson at Charleston, S. C., to witness the naval maneuvers off Panama.

William G. McAdoo, candidate for the democratic presidential nomination, one of the most prominent of the

witnesses on the committee rapidly growing list, last night announced his resignation as special counsel for E. L. Doheny in a letter to Chairman Leonard, requesting an immediate hearing. His request was made public after the committee during the day had received a letter from Mr. Doheny saying that he had paid Mr. McAdoo and the firm with which he was formerly connected \$250,000 "all told" for legal services in connection with Mexican oil matters and that the amount was \$150,000, the figure announced by Mr. McAdoo in a statement at the time.

Mr. McAdoo in his letter to the committee chairman declared that "if

my conduct in acting professionally" for the Doheny companies in the Mexican oil matters "is open to criticism, then no lawyer can take a cabinet office unless he is rich enough to give up all professional employment in business when he comes out of office."

Asserting that he had "never dealt in political information, nor did I ask or promise, or give or receive, political favors, or other favors," he said, he was terminating his professional connection with the California oil magnate because he feared "that the newspaper accounts might be as vicious and unfair" to Doheny as they have been to him.

He described as "monstrously un-

fair" the "whispered suggestions" that he and the others, lawyers, and laymen, who helped in the Mexican enterprises of which Mr. Doheny is the head—share any taint of any kind, and particularly resented the "insinuation that because the late Franklin K. Lane, after his service as secretary of the interior, resigned and became quite openly an officer of the Doheny companies, he thereby shares the taint of corruption."

The committee's work was reduced only slightly yesterday by its decision not to attempt further to question former Secretary Fall test which action gave him immunity from prosecution.

AMUSEMENT NOTES

THE STRAND
He is a "slow poke" and who is intent upon living the hectic jazz life. That's the theme about which "Temporary Marriage" is woven, and in which Kenneth Harlan and Mildred Davis are starred. There are many tense, dramatic situations and thrills, as well as a pleasing balancing of humor. It's a story of the average American home with an injection of some exceptions thrown in. Tom Mix in "Speeding Fast" shows this super-cowboy star at his best, so far as thrills and excitement is concerned. Mix never disappoints or fails, and you'll see him in new wonder stunts in his newest screen offering. The comedy and weekly help make up a great bill.

MERRIMACK SQUARE THEATRE
"Tiger Rose," Edmund Goulding and Millard Webb's adaptation of David Belasco's famous play of the same name, now playing at the Merrimack Square theatre, is the story of a wild-cat child of the Canadian Northwest, starring Lenore Ulric. Born of vagabond parents and deserted early in life, this girl, nicknamed "Tiger Rose," is thrown upon her own resources. Her life and participation in the loves and hates of the men she is thrown in contact with in this frozen waste, forms the basis of a picture that is well worth seeing.

The companion attraction is "Ballroomed," an entertaining dramatic production with Herbert Rawlinson in the leading role.

For the first four days of the coming

week Maugher Peterson, announces "Don't Call It Love," a William de Mille Paramount production, with Agnes Ayres, Jack Holt and Nita Naldi.

H. P. KISH'S THEATRE
The dancing of Edith Clasper and of her boy assistants, Paul O'Neal and Paul Vocan, at the H. P. Kish theatre this week, is distinctly a treat. "Variety" is the label of the act, and as the act progresses it is seen that it lives up to its title. Moore & Freed, who make music out of many commonplace instruments, and who also throw in very good comedy, are not only very able but also very versatile entertainers. Westerhold's Radio Ship is one of the most novel and most entertaining of recent scientific creations. The demonstration is sure to cause a vast amount of interest. Miller & Pears offer a thoroughly up-to-date dancing act, and Nan Traveline, the singer, presents a new line of songs, Julius Furst, European gymnast, mawes a splendid opener for the bill. The picture is "The Empty Cradle," with Harry Morey in a big part.

RIALTO THEATRE
Tom Mix, one of all western stars, has never been seen to better advantage than in Zane Grey's "The Lone Star Ranger," which is being featured on the Rialto theatre screen. The assemblage of film fans at the Rialto yesterday repeatedly gave evidence of its pleasure at the thrilling antics of Mix. It seemed as though the virile, robust cowboy had appeared in person and that his followers had turned out to pay him homage. Much credit must go to the unusual "Tony." Tom's talented steed, whose response to his

master's demands of hard riding in intricate, is a thrilling manner. It offers in a thrilling manner a story wherein a mere slip of a girl becomes a detective in order to save her benefactor from the tolls of a band of black-mallors.

CANNOT CONTINUE AT OPERA HOUSE

Miss Lillian Desmude, leading lady of the Lutteringer players, left last night for her home in New York city. The other members of the company are still in Lowell awaiting definite word from Al Lutteringer, the Opera House lessee, as to his plans. Mr. Lutteringer said this morning that he has

about given up as hopeless the chance of continuing here this season, but hopes to return at the opening of the stock season next fall. "I have had a number of conferences with Mr. Hennessy, the owner of the building," said Mr. Lutteringer. "The upshot of the whole thing is that it would take two months to restore the theatre to anything like its old state. To improve upon it, as Mr. Hen-

nessy intends to do, will take all summer. Mr. Hennessy has promised to improve upon the house and give me the first chance at it next fall. "I am now trying to find a theatre for my company for the remainder of the stock season, which normally is at its height in the next six weeks. I have about given up here but have several cities in view in one of which I will probably locate."

TWO HELD IN SHOOTING

Brother of Carl R. Craig,
Who Was Shot in Duel by
L. F. Curtis, Arrested

NEWTON, Feb. 8.—The condition of Lewis P. Curtis, the wealthy clubman shot by Carl R. Craig, an intruder in the former's Commonwealth avenue home yesterday, was reported as still serious at a hospital here today. Craig, alias Roy A. Vance, shot by Curtis, was still in a dangerous condition in a

hospital and is under arrest for attempted burglary.

Craig's address was given last night as New Brunswick, Canada, but the police said today that his home was in Charlottetown, P.E.I. Curtis, a crack pistol shot, surprised Craig asleep in the sun parlor and in the duel that followed Craig was shot several times and Curtis once. A large amount of alleged stolen property was found in Craig's room in a Boston lodging house, said by the police to be the loot from several recent burglaries in this vicinity.

Later, the police arrested Carroll Craig, the alleged burglar's brother, in the Boston lodging house. The police said they had found stolen goods worth several thousand dollars there and that they had discovered information connecting Carroll Craig, also,

with other robberies and burglaries. Taken to his brother's bedside, Carroll Craig denied knowledge of the shooting. He told the police that his father was Peter Craig of Charlottetown, P.E.I.

The police also questioned Mrs. Celia Doherty, said to be a friend of the Craig brothers, but released her.

OPPOSES PENSIONS FOR FORMER PREMIERS

LONDON, Feb. 8.—Premier Ramsay MacDonald does not subscribe to the suggestion that former British prime ministers should be pensioned. Asked about the matter, the premier said the salary was sufficient and, "on leaving office, why not go back to the simple life, with its porridge and plainness."

MRS. MCCORMICK AND PARTNERS SUED

CHICAGO, Feb. 8.—Mrs. Edith Rockefeller McCormick, daughter of John D. Rockefeller, Sr., with Edwin Krenn and Edward A. Dato, her partners in a real estate firm, are made defendants in a suit for \$10,000 damages filed by Samuel Broker, consulting engineer and accountant, according to the Chicago Herald and Examiner.

According to the newspaper, the declaration states that last September, Broker was employed by the defendants to devise a method to form a

tax free organization in which Mrs. McCormick might invest \$15,000,000 in stocks and bonds. Broker conceived the idea of forming a "common law trust" which would obviate the necessity of paying federal taxes and Mrs. McCormick contributed \$5,235,000 and Krenn and Dato \$1500 each to the trust, the declaration alleges. Broker claims he was to receive \$100 a day for his services and in addition, sum commensurate with the amount of tax saved.

THIRD LEG OF FLIGHT

PANAMA, Feb. 8.—The army airplanes flying from Panama to Guatemala completed the third leg of their flight safely yesterday, arriving at Managua, Nicaragua, from San Jose, Costa Rica.

INVITE DEPEW TO HIS OWN BIRTHDAY PARTY

NEW YORK, Feb. 8.—When Chauncey M. Depew came to his New York office from his Peekskill home today, he found that his list of visitors included a committee of Westchester county residents who were calling to invite him to his own 50th birthday party on April 23. The invitation, engraved on parchment, bears the signatures of many of the former senator's fellow townsmen, as well as county officials. Where the party will be held, has not yet been decided.

HUNGARY BARS "YES, WE HAVE NO BANANAS"

BUDAPEST, Feb. 8.—Bands and orchestras in Hungary are not allowed to play "Yes, We Have No Bananas." As the tune reaches each country of the Balkans, it is translated to suit local tastes and temperaments, but the Hungarian words to it are so utterly impossible and naughty, that the theories have forbidden the singing or playing of the air.

Y. M. C. I. VS. CADETS

Fifth Game of City Championship Series at the Crescent Rink Tonight

The fifth and perhaps the most important game—as it will break the existent tie—in the O.M.L. Cadet and Y.M.C.I. series will be staged in Crescent rink tonight. Both teams are out to annex a win in this game and thus get the edge that means so much at this stage of the championship struggle. To date the teams are deadlocked at two all, the four games played thus far being of a close and exciting nature with each team strengthening its lineup for each succeeding game.

Capt. Dan O'Connor of the O.M.L. Cadets announced today that he would put an "All-Local" team on the floor tonight, his lineup to be Twooley and Crowe backs, Kenney center, "Peak" O'Connor and D. O'Connor forwards.

Capt. Lepper did not announce his lineup in advance but it is believed he will have Ryan and Winn of Nashua, whose work in the last game was instrumental in providing the tie when Y.M.C.I. won the decision by a 15 to 13 score. They are experienced men and like to play. Their team affiliation has no bearing on their standing or play, for they give all they have.

It will be a great game, therefore, all things considered. The series is playing immensely popular with the fans, the attendance showing a substantial increase at every meeting. The tickets are about evenly distributed. A scheduled feature tonight will be the preliminary contest tonight will be the C.I. Seconds and the Junior Holy Name team of the Immaculate Conception church.

SPRINGFIELD COLLEGE TEAM COMING HERE

A first class exhibition of all sorts of apparatus work, aesthetic dancing, stunts and various gymnastic exercises will be given in the Y. M. C. A. gymnasium tomorrow evening at 8 o'clock by the Springfield College team. The team is known throughout the country, having sent out its men to scores of cities where exhibitions are given. Realizing that character building should be the chief objective of physical education the team is composed of men who, in addition to being skilled athletes, are capable of representing the ideal which all young men should desire to obtain, character.

It is the aim of the team to represent the college and the benefits it extends to young men, not only in the physical training field but also in the social and personal atmosphere.

The program tomorrow will be most comprehensive and the public is cordially invited to attend.

99 YEARS' SENECE

Old John Benedetto, Paroled After Serving 15 Years, Goes Back to Penitentiary

CAMBRIDGE, Feb. 8.—Old John Benedetto, who served the last 15 of his 70 years in Marquette penitentiary, and who was paroled last June, is going back to Michigan to resume service of his sentence of 39 years. Old John was paroled on condition that he return to Italy. Instead, as he explained in broken English, he came to Boston and found a job when he learned his son had sold the old home and had come to Boston. Later he had lived alone for he and his son became estranged.

It was 16 years ago when Benedetto was supporting his family and was looking for work that he went to a mine for a job. This padrone, who hired the laborer, said that he must pay for the job. Something happened in the argument that followed and the padrone was killed. And John went to prison for 99 years. Last June he was paroled and found his son in Boston. But the authorities found the old man and the jail gates closed on the stooped figure.

The officer came from Michigan yesterday to take old John back.

CHIEF OF DRY FORCES

Butler Declines When Name is Suggested for Price by Ex-Sec. Daniels

PHILADELPHIA, Feb. 8.—Hrig. Gen. Smedley D. Butler, director of public safety of this city, was suggested as national prohibition enforcement chief of Josephus Daniels, former secretary of the navy, who was here today.

"Nothing doing," Gen. Butler commented. "I wouldn't take that job on a bet. There is too much hard work connected with it."

Mr. Daniels said that "what has been done in Philadelphia shows what can be done in the United States when authorities and the public decide they mean business."

BERLIN SHIFTS BLAME IN FLAG INCIDENT

BERLIN, Feb. 8.—The foreign office refused to discuss reports of Ambassador Weldefeldt's possible resignation as a result of the Washington flag incident, but it seems to be clearly the government's intention to shift the responsibility.

SUMMARY OF EARLY MORNING A. P. NEWS

Prime Minister Macdonald announces policy of open diplomacy and plans to avoid unnecessary argument in his relations with heads of governments, London despatch declares.

New York Times quotes unnamed leading financiers as declaring that German flag incident at Washington will injure prospects of a German loan and may affect contemplated help for starving German children.

North Dakota democrats endorse Macdonald for democratic presidential nomination.

Great Britain regards Lloyd George's reported utterances on Wilson-Clemenceau agreement as unfortunate at moment when Mr. Macdonald seeks to establish more friendly relations with France, London advices say.

Adolfo de la Huerta has reached Merida, capital of Yucatan, Mexico City unofficial advices say.

ARCHBISHOP PLATON OF RUSSIA DEPOSED

MOSCOW, Feb. 8.—Archbishop Tikhon, head of the Russian Orthodox church, in an interview printed here, said he had nothing to withdraw from his order deposing Archbishop Platon, head of the American Russian church, but on the other hand he wants to bring Rev. Platon and also two other prelates, Revs. Antoin and Evlogi, to Russia for trial. He said that only in December he had learned that Archbishop Platon headed a counter-revolutionary monarchist organization in America. Asked if he would reconcile the opposition group which unfrocked him with the holy synod, Archbishop Tikhon said: "Let them first repent."

REPORT REBEL LEADER IN TUXPAM AND YUCATAN

TAMPICO, Mexico, Feb. 8.—(By the Associated Press) With Tuxpam still in rebel hands and Tampico held by the federals, it has been impossible so far to obtain confirmation here of the reports that Adolfo de la Huerta proceeded to Tuxpam when he fled from Vera Cruz, the former rebel headquarters.

As regards the counter reports that Huerta had gone to Yucatan, it is believed that if he has taken this course it will prove a fatal step for him, as important military operations by the federals are in progress in Yucatan with every promise of complete success.

The state of Tamaulipas, in the southeast corner of which Tampico lies, continues quiet.

Exceptional Values in Lowell Stores on Dollar Day

(Continued)

lines, and are prepared to celebrate Dollar day by giving bargains never before offered to the people of Lowell and suburban towns.

Secretary-Manager George F. Wells

of the Lowell chamber of commerce announced today that the Dollar Day sales will continue from 9 a. m. until 9 p. m. tomorrow. He expressed great satisfaction with the prospects for tomorrow's merchandising business in Lowell. Never before have Lowell merchants responded so promptly and generously to the Dollar Day call.

Many stores are to offer whole counters of goods at remarkable price reductions. The price slashes this year will enter almost every line of popular-priced merchandise, including the clothing and footwear line as well as jewelry and home decoration line.

Lowell merchants working harmoniously and enthusiastically together in this New Year Dollar Day goods offering, have advertised extensively many of their bargain wares, as inspection of The Sun's crowded pages will show today. Many of the price offerings have never been equaled, but the merchants are out to break all Dollar Day records and they appear to have made an excellent start by their generous advertising announcements that fairly sparkle with extraordinary bargains sure to be snapped up by Middlesex county Saturday shoppers tomorrow.

The Dollar Day advertising campaign this year was conducted upon a larger plane than in former years. The display cards for store window decoration, as well as the descriptive announcements covering Dollar Day plans, were distributed far and wide,

reaching all of the country towns about Lowell—a single feature that is sure to bring to the city tomorrow a host of rural shoppers.

Advertising space in the newspapers of the city has also been taken liberally by all merchants joining in the Dollar Day campaign, and the results from this powerful medium of publicity are sure to swell the patronage tomorrow.

Ford Discusses Oil Scandal

(Continued)

secretary of the navy and a Detroit, said:

"I have been asked to join other citizens of Michigan in securing a fair deal for Edwin Denby, secretary of the navy. It is alleged here that because he has less political influence than other members of the government, a pretext may be sought to make him a scapegoat. My reply has been that I am sure that we can repose full confidence in President Coolidge's sense of justice which will not permit him to condemn any man without just cause nor injure any man's reputation without good reason. The senate also without doubt, will accord every man a full hearing and opportunity for self defense. No one in Michigan, who knows Mr. Denby, has ever believed him capable of personal dishonesty in public or private affairs."

"Nothing in this statement, however, should be construed as desiring in any way to limit or weaken the in-

vestigation now in progress. Let the investigation proceed without personal or partisan fear or favor until all the facts are disclosed. It is not enough to know who are the immediate persons concerned; let the probe go deeper until the international banking houses who conceived and financed the deal are exposed for in the last analysis they are the sources of the corruption in which other men are caught. If the investigation is pushed beyond surface facts, more than our rights in the naval oil leases will be recovered; we may also gain a knowledge of what inspires weakness in public office."

"The dangerous element in this matter is not alone the greed and weakness of individuals, but their readiness to weaken the country's defenses by giving up the navy's fuel to private exploitation. The committee might also do well to look into the possibility of action between oil interests and our attitude toward the Mexican difficulty."

STABLE INVESTIGATION

Dr. Pierre Brunelle and Fisher H. Pearson of the board of health, with Agent Francis J. O'Hare made an investigation today of the stable of A. G. Titus in Middlesex street, in connection with which Mr. Titus has petitioned the board to allow him to keep there three horses and a cow. When his petition was before the board for hearing last Monday there were one or two remonstrators and the board decided to view the premises before giving a decision. The matter will come up for settlement at next Monday's meeting.

MAN BITTEN BY FOX TERRIER

BROCKTON, Feb. 8.—Thomas Slinkavicz, 25 Maurer street, Brooklyn, N. Y., while visiting at the home of relatives here, was bitten by a fox terrier.

Dog Officer John J. Joyce shot the dog and sent the head to the state authorities. Slinkavicz was treated by Dr. A. P. Budreski, but did not take the Pasteur treatment. A report today from the division of animal industry, showed that the laboratory report shows changes in the dog's brain suggestive but not diagnostic of rabies, owing to the condition of the brain. Absolute and final report will have to await the result of inoculation of several small animals.

Jack Daw's Adventures. Chapter 8

"This is a bad little South Breeze," replied South Wind. "I have a lot of little breezes and they are always up to pranks. This fellow has blown someone's hat off." Then South Wind took the hat from Jack and ordered the Breeze to blow it right back where it came from.

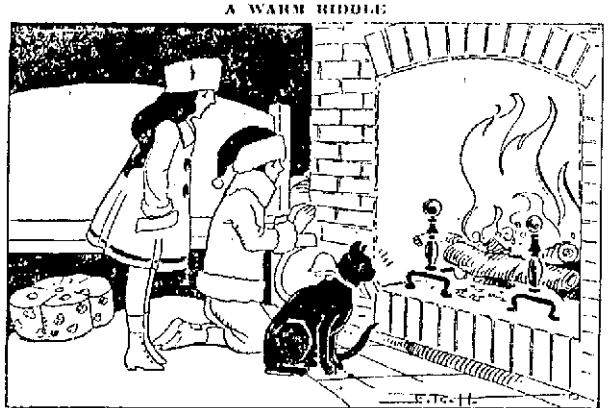

Out of sight went the hat, with the Breeze right behind it. Jack had to laugh to see the hat go bobbing along, and Flip was so excited he started chasing the little Breeze. "Come back here!" shouted Jack, but South Wind said, "Oh, let your dog go. He'll shout shortly."

And sure enough, it was but a minute or so when Flip came slowly back to Jack. His head was hung low and he kept pawing at his eyes. "I wonder what's the matter with my dog," said Jack. "Why," replied South Wind, "the Breeze blew some dust in his eyes to keep him away." (Continued.)

ADVENTURES OF THE TWINS

by Olive Roberts Barton

THEY COME IN OUT OF THE STORM

"Ho, Ho, Misses Cross Patch," said the Riddle Lady next day. "Here is a riddle for you to guess. It's the place where you like to sit and spin. But I never did think you were as selfish as the place about your eyes." "I'm glad you don't," answered Misses Cross Patch, gratefully. "For really I just love to have company in to tea. I never drink it up and then ask in the neighbors. But what is the riddle?"

"Here it is," said the Riddle Lady. "Crackles! Crackles! What am I? Winking with my cheery eye, breaking you to come to tea. And sup with puss-cat and me."

"Pussy purrs the lowliest tunes. In the winter afternoons, We don't bother with the weather. We love to sit together."

"And the kettle—you should hear it! I just love to see it near it. Sings away down in its nose. If it'll! That's how he goes!"

"If you come we'll have some toast. I make that nicely (it's my boast). As I hiss and sputter and spatter, Will you please spread on the butter?"

"Old Jack Frost just cannot bear me. But I never let him scare me. As he roars along the street, Nipping kiddies' hands and feet."

"They come in out of the storm And run to me to keep them warm."

shoulders, "sea pies" and the reheated type of dish.

Service Counts

Often the secret of the success of the left-over dish lies in its garnishing and serving. If the salad of odds and ends is served on the best salad plates with as much ceremony as if it were a salad of artichokes, the family will more than likely "fall for" the atmosphere of the plates rather than the salad.

A jellied salad is often more appetizing and more palatable. This is because the odds and ends are held together in a cohesive mass, and the individual tastes of the family are more likely to be "fall for" the atmosphere of the plates rather than the salad.

This holds true in reheated dishes as well, and makes raffles invaluable to the housekeeper.

For the "reheated" meats can be used in croquettes, in cream sauce on toast or puddings, meat pies and stews. Often the vegetables and meat can be combined to make a palatable stew or what is known as a "ragout."

A charlotte is always attractive and one of the cleverest ways of using up left-over meats. For this the meat is carefully minced and seasoned and combined with any gravy or stock.

It is also true where these conditions affect the children, the real beginning of mental disease and melancholia is noted.

It is also true where these conditions affect the children, the real beginning of mental disease and melancholia is noted.

The advanced neurasthenia type may be traced to many casual conditions. Injuries are a frequent menace. The nervous condition is almost irremediable in many of those who have gone through some harrowing wreck or accident. Severe mental and physical work, worry, lack of proper rest, improper diet, thoughts about one's self regarding lack of success, detail of ambition or long continued exertion are other causes. Acute infectious diseases play havoc with the mind of many persons and cause a lowered nutrition in all bodily functions.

If you have any of these symptoms have a complete health examination at once. Staying at home for a day or two is of no remedial value. Treatment of the severe nervous types of neurasthenia requires time and great care. Those cases which show weakness and a lack of capacity for concentrating the mind on details must have rest. The conditions which have impaired the bodily processes have been undermining the powers of digestion, circulation and proper secretion, as well as motion and sensation.

Vegetables that have been served with butter are good reheated in cream sauce. A sprinkling of grated cheese adds to the richness of the sauce and flavor.

Aspic Jelly

One knuckle of veal, 1 quart cold water, 2 tablespoons minced celery leaves, 1 tablespoon minced onion, 1 tablespoon minced parsley, 1 teaspoon peppercorns, shells of 3 eggs.

Wipe meat and cut meat from bones. The bone should be cracked in several places. Put meat and bone, water, salt, onion, celery, parsley and peppercorns in soup kettle. Bring slowly to the boiling point and simmer until stock is reduced to one-half. Remove fat. Add lemon juice, more salt if necessary and one-eighth teaspoon white pepper. Add the crushed egg shells and bring slowly to the boiling point, stirring constantly. If eggs are plentiful the slightly beaten white of one egg should be used with the shell. Let simmer 15 minutes in cold water. Strain through double thickness of cheesecloth and use as wanted.

5 NEGROES GO TO CHAIR

New Warden at Texas Penitentiary Officials at Election

HUNTSVILLE, Tex., Feb. 8.—While Walter Monroe Miller, new warden at the Texas penitentiary was officiating at the election of five negroes early today, the former warden, R. P. Coleman, peacefully slept at his home. He resigned the post of warden last month when he learned he would have to act as executioner in all death sentences in Texas.

The state was searched for a successor, and Miller, former sheriff of Johnson county, finally was decided upon.

"It just couldn't be done, boys," former Warden Coleman told newspapermen.

"A warden can't be warden and killer, too. The penitentiary is a place to reform a man, not to kill him."

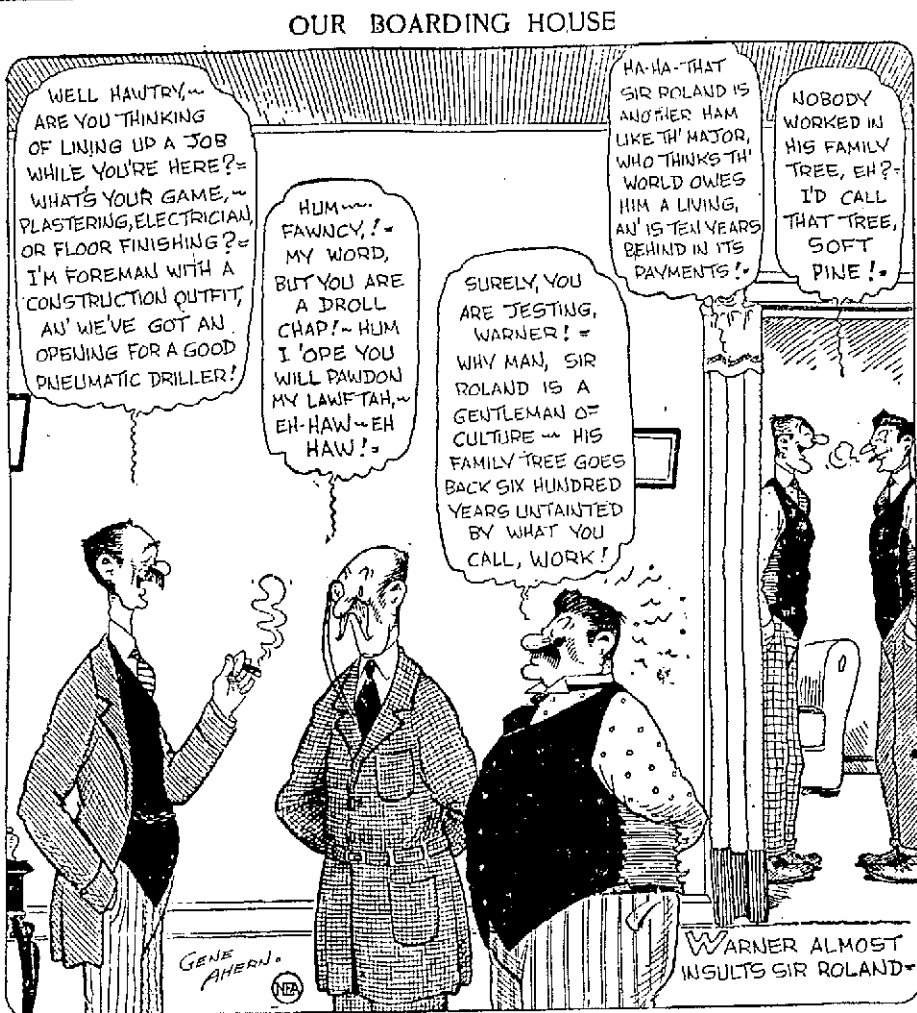

But with Warden Miller it was different.

"It's a case of duty with me," he said. "I have hanged several men while I was sheriff and to touch the button or pull the switch of an electric chair means no more to me than pulling the lever of the gallows. At any rate, it's more humane—the chair."

All five negroes were convicted of murder. Two were convicted of killing white men, one for wife murder, the fourth for killing a negro woman and the fifth for the death of a negro man.

BIG CARNIVAL COMES TO END
Two-Day Winter Frolic at Fort Hill Attracts Thousands of People
King and Queen Chosen and Crowned at Knicker Dance Last Night

Lowell's two day winter carnival came to an end last night with the knicker ball at the Memorial Auditorium, attended by upwards of 1500 young people and which resulted in the crowning of a carnival king and queen in the persons of Joseph J. Lamontagne of 184 Ensell street and Miss Sadie Melanson, popular member of the Girls' City club and a former president of the organization.

Although weather conditions in the afternoon did not allow any skating events or even horse racing and was not the best for sled jumping, the carnival was in full swing from 2 o'clock until late last night and thousands of persons were attracted to Fort Hill and found much of benefit in the bracing outdoor air and enjoyment in the various features. The toboggan slide was the centre of attraction and even though there was but one chute and waiting in line was slow work, no one grumbled and the young people enjoyed the slide to the utmost when opportunity presented itself. A concert by the band of the Organized Reserves, stationed on the porch of D. H. Walker's residence, enlivened things not a little.

Of great interest throughout the carnival was the appearance of Arthur Walden's dog team from Wonalago, N. H., a team of six splendid dogs led by Chinook, who was instantly loved by all who saw him. The team paraded through the downtown streets at the noon hour and during the afternoon were scooting around the park, showing samples of great speed as well as handling power. The motorcycle hill climbing contest attracted many hundreds yesterday afternoon and creditable time was made by the contestants. The event was won by Haven Moody, driving a Harley-Davidson machine, who negotiated the tricky slope in 11 seconds. The other contestants were Napoleon St. Galash, Walter Woods and Daniel Agnew. Woods' time of 17 seconds won him second place. The timers and starters for the event were George H. Wood, Maurice Lambert, William Walsh and Charles J. Keyes.

School children had sports of their own at the park, under the supervision of Daniel R. MacIntyre and Joseph Duffy. There were push ball games, sled races and basketball games that provided much enjoyment.

The horsemen looked over the surface of Boylston street, where the trotting races were to have been held, and decided that it would not be safe to pilot their steeds over the heavily rutted thoroughfare and the racing program was declared off. There was some disappointment, but as no other street was available, there was nothing else to do.

Shortly before a o'clock last night, there was a general movement towards the Auditorium, where dancing began at 8 o'clock and continued until midnight. A grand march was formed and Arthur Lamontagne of the Ballard Co. and Thomas J. Combs of the Tailor Clothing Co. as judges, picked out the king and queen and they were so acclaimed. That the judges picked with discretion and to the satisfaction of the crowd was proved by the applause which followed the announcements.

During the dance Edward J. Conney, Lowell Ad club president and George H. Wood, chairman of the general carnival committee, extended their heartfelt thanks to the many organizations which co-operated to make the affair such a success.

The police protection at the park during the carnival was adequate and the toboggan slide was splendidly illuminated at night by three large flood lights erected by the park department. The officers who started the toboggans, together with Paul Doherty worked hard and looked out for the safety of all.

The carnival undoubtedly stimulated interest in outdoor winter sports and had the effect of attracting many thousands of persons to beautiful Fort Hill park who otherwise would not have ventured out. Carnival programs in the years to come will be more elaborate and public interest is bound to grow and find reflection in actual support so that the committee may have more money at its disposal than has been the case for the past two seasons.
